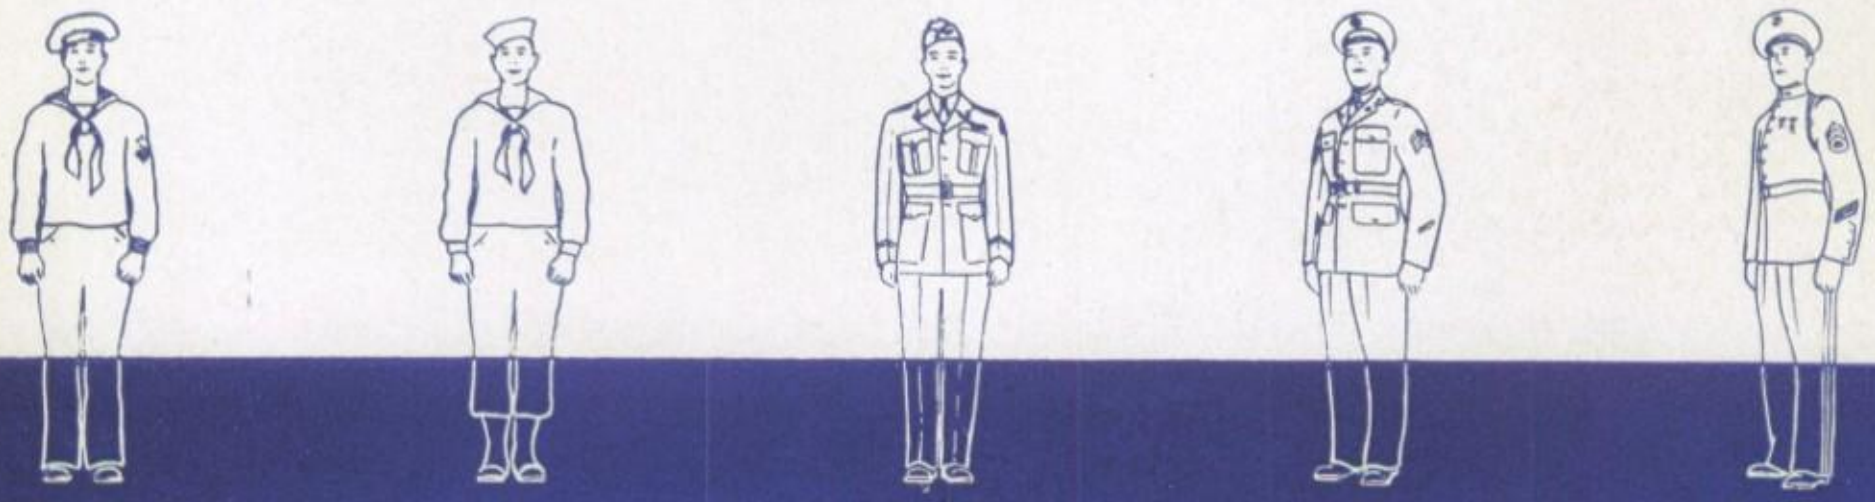
Foreword . . .

We have endeavored to publish a year-book that will be remembered and will serve to bring back pleasant memories long after school days are over. The REVEILLE is the Cadets' book and we hope that we have given you an accurate picture of their past year at Marmion with all its ups and downs.



Dedication

THE VERY REVEREND GILBERT HESS, O. S. B.

First Prior of Marmion

When the history of Marmion is written one chapter will be devoted to the events of August 1, 1943. Ten years and one day after the Benedictines took charge of the school, Marmion became a dependent priory under the patronage of St. Augustine of Canterbury. The man chosen by the Right Reverend Ignatius Esser, O. S. B., Abbot of St. Meinrad's Abbey, to lead the new religious foundation in its beginning years is the Very Reverend Gilbert Hess, O. S. B.

Father Prior Gilbert brought to the task qualities of spiritual leadership and scholastic attainment which have been developed and proven in the furnace of experience in various occupations, localities, and circumstances—qualities which admirably fitted him for the position of responsibility he holds.

Young in years (he was born near Vincennes, Indiana, on January 15, 1908), Father Prior has used those years well to advance in the eyes of God and man along paths of spiritual and temporal wisdom.

From the time he first entered St. Meinrad Minor seminary as a high school student in September, 1921, until the day of his ordination, May 17, 1932, he established records of scholastic attainment in all branches of study. There followed ten years of teaching the rudiments of Latin and Greek to perspiring aspirants to the priesthood at St. Meinrad. Two of those ten years had further duties to round out the days and nights, for Fr. Gilbert served as assistant pastor of St. Meinrad parish and as chaplain of a C C C camp six miles from the Abbey.

Despite these occupations, Father Prior found time during several summers to pursue higher learning at Loyola University, Chicago, and at Indiana University, from which latter school he received the degree of Master of Arts in the classical languages in 1938.

Then, in the summer of 1942, Father Gilbert was appointed pastor to the large St. Benedict's parish, Evansville, Indiana. His one year of service there brought out into the light talents which influenced Father Abbot in appointing him the religious superior of Marmion. So, it was on August 1, 1943, Marmion gained someone and something destined to make it hold a still brighter place in the Catholic education of American manhood.

VERY REVEREND GILBERT HESS, O. S. B.

Father Gilbert

Congratulations to you, the graduates of 1944. For four years you have heard and seen the Marmion motto "Credere Deo et luctari pro Eo." (To believe in God and to fight for Him). Perhaps this motto has been an empty saying couched in a dead language. As graduates it now becomes a loud crying challenge to action; it becomes a career. When your fondest dreams and wildest aspirations are snuffed out by the crude realities of life then will your faith in the world collapse and your confidence in self vanish. Only faith in God and in His Church will enable you to see the land in the distance when you are tossed about in the deep.

But your Marmion motto does not stop with faith. It boldly asks of you action. This means more than back seat driving or yelling from the bleachers—it means getting out into the arena and fighting, not fighting for things picayune but for God.

All Marmionites are rivetting their eyes upon you to see WHAT you BELIEVE and HOW you FIGHT.

Father Norbert

America looks forward to the American youth of today to rebuild the social and economic structure which will be America tomorrow. World War No. 2 is the greatest mass conflict which has ever beset God's creation, the world. The graduates of 1944 have been equipped with true education and thorough training, affording you a foundation which will enable you to take an active part in the work of reconstruction. Mentally and morally this new world must be sound. If it is to be a better world it must rest on the foundation of Religion. Yours will be the task of contributing your part to the great effort of shaping the new world according to the design of the Creator. America solemnly charges you with this task. Marmion Military Academy and your superintendent know you will carry through. Best wishes and congratulations!

Our Final Farewell

The time is here. Four years that have passed as swiftly as a distant airplane are gone. We leave forever the friends, the buildings and campus that we have come to love and respect in our short span at Marmion. We shall be scattered like leaves and many of us shall never see Marmion again. Here was formed our character, our background, our preparation for future life. We are now on our own and there will no longer be a friend to help. We shall no longer be a part of formations and parades as we were for the last four years. We shall not be permitted to enter classes. We, the seniors, are expendable and others will come and take our place.

It it with sad and heavy hearts that we bid you adieu. Goodbye, Marmion, Goodbye.

Successful Candidates in the Army-Navy College Qualifying Test on March 15, 1944

Fifteen of the twenty-four seniors who took the test for the navy program qualified in this very important mental examination.

Seven scored high enough to warrant their being considered further by the navy for the V-12 program:

H. J. Benson
E. A. Boyle
J. H. Driessen
J. P. Martin
C. F. Miller
R. D. Mitchell
D. F. O'Keeffe

Eight earned grades qualifying them for further consideration, but because navy quotas were filled, by agreement between the navy and the war department, these and like successful candidates were invited by the army to join the A. S T. R. P.

R. A. Collins
R. J. Cusack
R. K. Fixmer
W. C. Kleckner
J. M. Linden
W. A. Loewer
R. N. Miller
G. M. Thoman

Fourteen of the twenty-three seniors who took the test for the army program qualified for the A. S. T. R. P.

T. M. Barry
G. R. Brandt
D. J. Buckley
H. W. George
A. P. Hames
R. F. Kartheiser
J. J. King
P. J. Murray
R. E. Nelson
E F. O'Connell
R. L. Rump
J. E. Shanahan
R. F. Uphues
R. J. Wagner

61.7 per cent of the seniors taking the examination qualified. Congratulations to these men!

Early in March Tom Barry took the validating examination for West Point; on April 19 Jack Shanahan took the substantiating examination for Annapolis. To date neither has been advised how he fared. Having been nominated by Marmion as Honor Graduates of this "Honor School," Tom Barry, Harry Benson, and Ray Miller submitted to the regular mental examination for Annapolis on April 19, 20, and 21, competing with three candidates from each of the other "Honor Schools." At this writing the ten successful candidates have not been announced.

Nine years ago Marmion became an Essentially Military Academy. Last year Marmion became an "honor" school. This outstanding record tells of the diligent efforts of the military staff.

The military staff this year is entirely new with the exception of Captain Theodore Haugland, Director and Instructor of the Band.

The newcomers are working to their fullest extent with the cadets to extend this honor rating.

Marmion has been most fortunate in the War Department's selection of men to head the military department. Under the supervision of Captain Frank W. Vargo and his assistants the corps has been polished and refined to the present degree of perfection.

Officer's Club

One of the most distinguished organizations in the school is the Officer's Club. As implied by name, each member must be a Cadet Officer in the battalion to gain admittance. Until graduation's promotions there are twenty officers in the Corps. and each one takes an active part in prevailing discussions.

Many important matters and decisions are discussed and settled within meetings which are held every Friday afternoon. Such problems as functioning for the important Military Ball and new ideas in general for the school are devoted the utmost consideration.

Every year the Chicago Tribune awards medals to those cadets who excell in military achievement. Here is Capt. Vargo awarding two such medals to Cadet Captains R. F. Kartheiser and J. E. Shanahan.

Part of the well stocked arsenal includes, in the lower left hand corner, three of the newly acquired U. S. carbines. In the center are various assemblages of the 30 cal. heavy machine gun. Two of the standard service gas masks lie on the top shelves.

Cpl. Ray Sudent draws his rifle from the rifle rack as Bill Murphy does likewise in the background. Every cadet has his own rifle and a respective place for it in the racks; this procedure maintains the order so necessary for military discipline.

BAND . . .

The Marmion Band deserves credit for the excellent job they have done and are continuing to do in furnishing music for the Cadet corps to march to. They manage through their rhythm and spirit, to make the Cadets march proudly with their heads up and chests out. Without the band the parades would undoubtedly not have been as good as they were.

On December 12th, 1943, the band put on its winter concert. The crowd was small but they brought the house down several times with their arrangements of certain numbers. This concert was a great improvement over any previous concert ever held at Marmion. They treated the listeners to a balanced ensemble of classical and popular selections.

The spring concert was held on April 23, 1944, in the Marmion gymnasium. The music was again of the same high quality that has been the trademark of the band all year long. They demonstrated their ability to play the popular as well as the classical and a unique novelty number was also added.

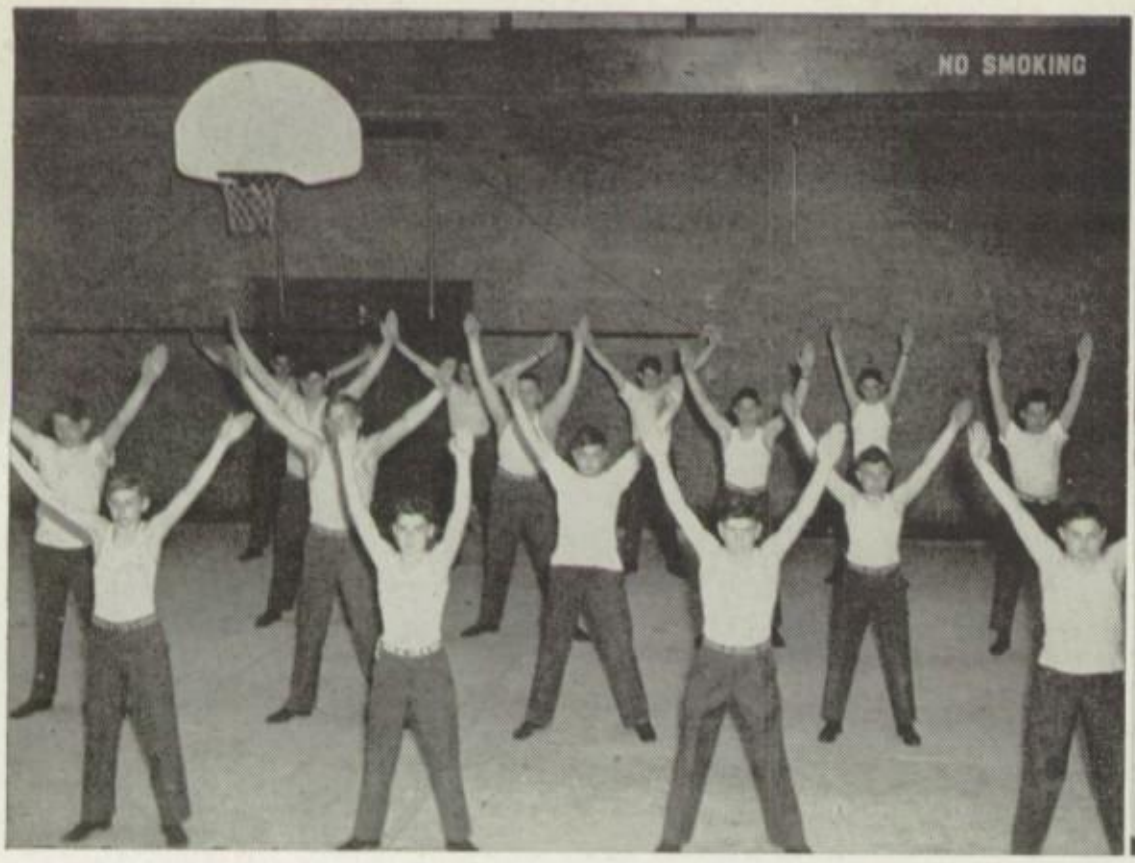
Rifle Team . . .

With a trip in the GMC to participate in the Culver tournament the Marmion rifle team completed its season. Although some of the glamor was lacking this year, because the many shortages caused by this war that we are now enveloped in prevented many of the visiting matches which make competition with other schools more enjoyable, the season was fairly successful.

Marmion's rifle teams fired in 12 matches, ten of these being postal matches. Sgt Mikolajczak, stepping into the job of coaching without any previous experience in this line, attained the following results with the Marmion team:

Fourth place in the Culver tournament, sixth place in the Hearst tournament, winning one and losing one from Beloit, losing two from Morgan Park Military Academy, splitting even on two matches with Roosevelt Military Academy, winning over Catholic Central, defeating Western Military Academy three times (one forfeit), and dropping two to Joliet Township High School.

THE CHAMPIONS
SLATTERY AND McCAULEY



Physical drill is extremely important in every cadet's life as is depicted here. Part of the military course for the cadets includes several hours of supervised drill every week. This of course excludes all marching and athletics. This scene was taken in the gym where military classes are conducted throughout the winter.

Capt. Vargo seems well satisfied here as he skillfully judges the new chest expansion put on by Cadet Michels after spending several physical education periods with Sgt. Horton, who is shown taking down measurements for record. Waiting for his turn is Cadet Beczkiewicz, another freshman.

CAPT. VARGO, P. M. S. & T.

Working studiously over school military matters, we have Capt. Vargo. This man has done wonders working with the cadet battalion and we owe all of our accomplishments to him. Terminating his first year at Marmion, Capt. Vargo headed the brand new military staff which has labored for nine long months whipping the new cadets into shape for the ever-important Federal inspection.

THE CORPS ON PARADE

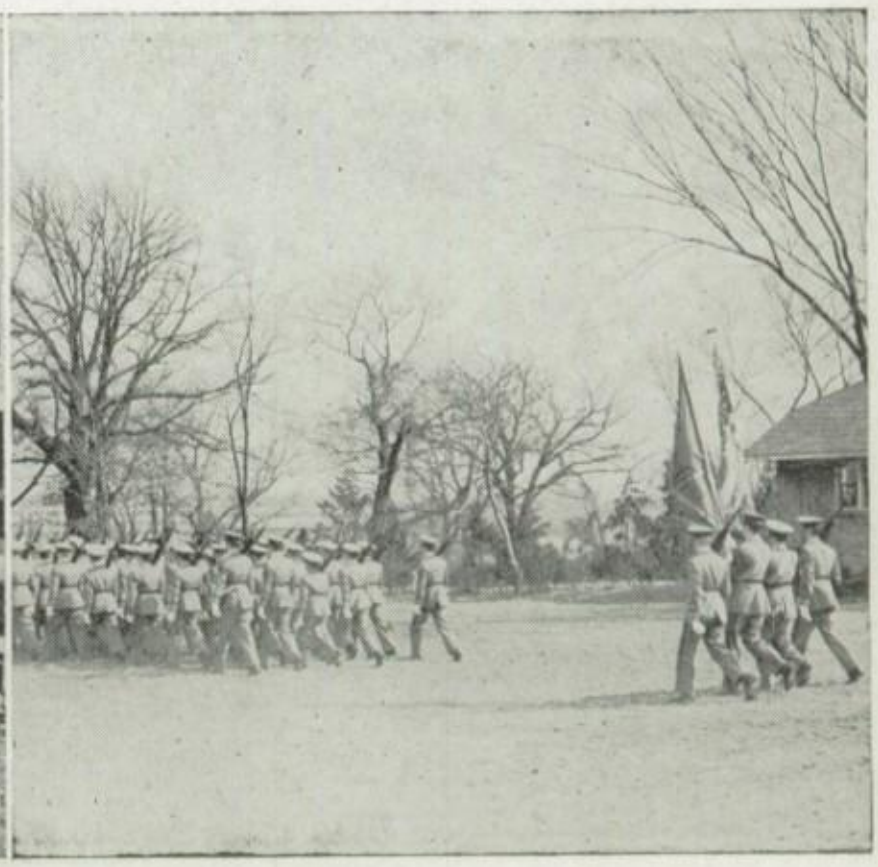
With the band playing in the foreground and companies, A, B, C, and D standing at ease, Company E moves up into position on the drill field. This particular shot shows the termination of the Retreat Parade which takes place every Friday afternoon. In the background is shown the new Priory which will soon be used as living quarters for the faculty.

The sand table receives a lot of undivided attention as several of the cadets get the lowdown on their next problem out at maneuver area. Sgt. Mike explains the details on an exact replica of the gravel pits and surrounding terrain where the actual maneuvers take place.

At the right are a few of the cadets putting into practical use the theory that Sgt. Mike explained to them at the sand table. Sprawled out in true army fashion, they anxiously await the signal to assault.

Dominating the frontage of the recreation building, "Betsy", an old French 75 mm. field artillery piece. "Betsy" has gotten back into the fight as she yielded her beautiful shape for scrap metal.

Strutting around the south end of the parade grounds while the battalion passes in review, the color guard follows up Co. C. The color guard always marches in the middle of the battalion so that all companies are equally represented by Old Glory.



The toughening up process really begins during the spring when the whole corps hikes the three miles out to maneuver area for a week of intensive tactical training. The cadets leave about seven and return in time for the evening meal. Canteens and cartridge belts are issued to all those who participate, eliminating all causes for thirst. All maneuvers are carried out in overalls, which allow the cadets to do anything from jumping off a tree to swimming through the creek as they often do.

In the upper left are four of the lads demonstrating the duties of snipers. A Jap or Nazi would really have a heck of a time picking them off in the brush.

In the adjoining cut is depicted a squad of men in proper procedure of anti-aircraft protection. Notice how they avoid straight lines in order to minimize casualties during strafing fire.

Below we have one of the leaders arranging his men into advantageous positions to resist an oncoming assault. Such tactical knowledge is imperative for the future leaders on the real battlefield.

Possessing a dominating position over all the grounds, two cadets take time out for lunch. All food and drink is transported from the school by truck in time for noon meal.

MARMION 7, SYCAMORE 0

In the season's opener at Sycamore, all pre-season predictions and hopes began to take on a little tarnish. For some reason or other, things seemed to go wrong here and there throughout the game. A lot of Monday morning quarterbacks started looking for a soft place to land when they jumped off the bandwagon. Nevertheless, a little luck and an all-out line gave the cadets a 7-0 victory. Glen Gilbert romped all over the field to contribute 101 yards. He was the one who set up the game's only touchdown by carrying the ball from the Syco 30 to the 6. Pat Murray did a quarterback sneak from there. Gilbert kicked the extra point.

MARMION 32, GAGE PARK 12

In the week that followed, Gilbert developed a charley horse and Larry Quigley came up with a bruised rib. Joe DuSell and Neil Fichtel were used as replacements. Watch those boys from now on. Those injuries were something of a blessing in disguise.

The cadets made their Aurora debut, September 25th, in a sizzling reversal of the form shown on the preceding Saturday. Gage Park had things all its way until half-time intermission. At that point the Parkers had 12-6 advantage . On the first play of the third quarter DuSell galloped 64 yards for a touchdown. Bill Kleckner flipped a pass to Fichtel

for another. DuSell added two more in the final quarter. 32-12 made a nice cushion to sit on while waiting for the laurel leaves.

MARMION 7, MOOSEHEART 13

The pre game dope for October 3rd gave the cadets a slight edge over the Moose, but neither team expected an easy game. Marmion rooters felt that this was the year to wipe out some of those ignominious defeats of past seasons. The Moose had succumbed to the cadets only once in seven encounters. This time the Ramblers upset the dope again by taking a 13-7 decision in a game in which Marmion outplayed its opponent in every phase except in the scoring. Sorrow reigned supreme in the military camp. But DuSell had added another touchdown to his record.

MARMION 28, ELMHURST CATHOLIC 0

Marmion rooters had plenty of opportunity for cheers as the cadets carded 28 points over Elmhurst. All members of the team saw action in the walkathon. DuSell, Fichtel and Kleckner again led this attach.

MARMION 21, NAPERVILLE 7

The Redskins and the cadets bounced into the Aurora field, October 16th, with identical records, three wins, one loss. Naperville, leading the Little Seven Conference, was given the edge over Marmion by the dopesters who were having a regular field day. All in all, it was the test for Marmion, said Aurora citizens, and and they held little hope for the Aurora school. Didn't Naperville have high-scoring Wehrli and line-busting Dombrowski? Didn't East High have trouble scalping the Indians?

In the first quarter DuSell heaved a long pass to Larry Quigley who scampered across the line standing up. In the second quarter southpaw Bill Kleckner, tossed to Fichtel who dragged three Redskins over the line with him. Fichtel snagged a DuSell pass in the fourth quarter to ice up the game. Even the extra points were added by passing.

MARMION 28, BELVIDERE 0

The Marmion gridmen added to their laurels by taking a 28 to 0 decision from the strong Belvidere High school eleven on the Belvidere field.

Belvidere had lost only one out of four previous games this season, its single defeat by Zion last

week being due to a fluke when a poor center pass in the closing minutes of play bounded thru the end zone for an automatic safety.

The victory gave Marmion a record of five wins out of six contests this season.

MARMION 38, ST. THOMAS 0

Playing their best game of the season, sparked by their hard-running left half-back, Joe DuSell, who scored three touchdowns and averaged twelve yards in the fifteen times he lugged the ball, the Marmion cadets trounced St. Thomas 38-0.

Marmion scored shortly after the opening kick-off. Starting on his own thirty-five after an exchange of fumbles, DuSell needed only two tries to dent the Rockford goal line. His first slant off tackle was good for 19 and then he romped around end for 36 and a touchdown. Karwoski plunged for the extra point. The second cadet score came late in the second quarter. Clippert fumbled on the Tommies' 26; DuSell and McCoy placed the ball on the one in three tries, and Karwoski plunged the remaining yard for the score. He failed at a plunge for the extra point and the half ended 13-0.

The second half was a rout as the Tommies tired under the steady hammering of the cadet backs. DuSell went 28 yards for a touchdown and Fichtel took a pass from Kleckner on the Rockford 22 and ran the remaining distance to the goal line to help Marmion to a 25-0 lead at the end of the third quarter.

DuSell added the fifth cadet touchdown after a blocked punt from the Rockford 17. Karwoski intercepted a Tommie pass on the Marmion 45 and out-distanced all opposition to cross the goal line standing up. Final score Marmion 38, St. Thomas 0.

MARMION 20, ST. MARY'S 0

Eight cadet regulars bowed out of high school football in a sea of mud and a blaze of glory at DesPlaines. Al McCoy, who scored twice, Jim Murry, Ray Kirschhoffer, Jerry Reding, Al Crawford, Tom Barry, Ray Murray, and Bill Kleckner donned cadet uniforms for their last starting assignment. Bill Loewer, Bob Wagner, and Dick Jaeger, four reserves who saw plenty of action, likewise played their last game.

Marmion was out to erase last year's 7-7 tie. DuSell and McCoy did the scoring. Penalties for offsides and illegal use of hands called back two additional touchdowns made by Kleckner after runs of 56 and 43 yards respectively.

Cadet Gridders Feted by Dad's Club

Marmion Military Academy's football dinner, sponsored by the Dad's Club, consisting of fathers of boys attending the school, was on December 10th at the Knights of Columbus club rooms at 6:30 o'clock with Coach Tom E. Stidham of Marquette University as the guest speaker.

Second of importance to Stidham's talk was the presentation of letters to the members of the varsity team of the last season. Marmion enjoyed its most successful of seasons this year, winning seven out of eight games.

Presentation of the letters was made by Varsity Coach Joe Nardone, who led the Cadet eleven as head coach, for the first time this last season.

Short talks were made by Athletic Director George Ireland, Father Norbert, and others concerned with the school's sports program.

The committee in charge of the banquet consisted of John Besch, Frank Weiler, Chris Lentz, William Bauman, Peter Linden, Howard George and William MacDonald.

Letters were awarded to 18 members of the football squad. Those who received the "M's" were: Jerome Reding, honorary captain; Pat and Jim Murray, Elmo Crawford, Ray Kirschhoffer, Dick Jaeger, Billy Kleckner, Tom Barry, Bob Wagner and Al McCoy, all seniors. Larry Quigley, Neil Fichtel, John Karwoski, Gerry McCoy, Joe DuSell, Glen Gilbert, Francis Joray and Al Cook were others receiving letters.

Frosh-Soph Team Hangs Up Record

Captain Schaeffer's flashing Frosh-Soph football team turned in a fancy record of three wins, two losses, and one scoreless tie out of the six games played. Naperville's powerhouse stymied the Schaeffer men and held them to a 0-0 decision. The two defeats were suffered at the hands of Mooseheart and East Aurora High.

After only four weeks of practice, the guaranteed Schaeffer team journeyed to Batavia to tangle with the upriver Frosh-Soph. In the game, during which neither team confined its fighting spirit to football, the Marmion backfield simply galloped through the holes opened and enlarged by the smoothly functioning line to pile up a 41-0 score.

In the second game of the season the cadets scored a 10 to 0 victory over a strong Wheaton aggregation whose line refused to display those beloved gaps to the alert eyes of the Marmion squad.

The first defeat came as a shock. It may have been nervousness which caused those numerous fumbles and those appalling losses of territory, or it may have been merely the old Mooseheart jinx. However, the junior cadet team bowed before the Moose 7-0 in a game which reflected no discredit on anyone.

In a return engagement Schaeffer's boys wiped the slate clean with a decisive 19-0 win over the same team.

Naperville's Papooses gave the blossoming cadets the toughest tussle of their career when the team, which wound up its season as Frosh-Soph champion of the Little Seven conference, battled Marmion's representatives to a 0-0 draw.

In the last game East High Frosh-Soph nosed out Marmion 6-0. Stopa, cadet star fullback, missed the game because of a stiff knee. Joe Petritsch turned in one of the best defensive games of the year, but, despite that, an East man got away for the lone marker.

Starting assignments were portioned out to Bell and O'Connor at end, to Wanner and Petritsch at guard, to Kutz and Breyne at tackle, to Kranik at center, to P. J. Duffey at quarterback, to Stopa at fullback, and to R. J. Duffy and Kennard at halfback. Against all opponents these boys scored 79 points and allowed only 13 points to be scored against them.

Spring Grid Practice - - Letter Men Return to Squad

Just two weeks ago those unmistakable words "Everybody up!" started another spring football season. The outlook for next fall appers bright since next season will see the return of nine lettermen.

To put ourselves out on a limb, let's take a look at a possible line-up, made up of those now in practice. At ends we have Clark and Duffy; at tackle, Cook and Funk; at guard, Zibton and Breyne; at center, Thibeau; at quarterback, McCoy; at halfback, DuSell and Karwoski; and at fullback, Quigley.

Coach Nardone is receiving valuable assistance in his mentioning duties from Percy Snell (former coach at Aurora College and at Grand Rapids College at Grand Rapids, Michigan.

MARMION 50—GENEVA 29

Marmion opened its 1943 cage season with a 50 to 29 victory over Geneva of the Little Seven. Coach George Ireland's Cadet five displayed a well balanced offense that time after time drove to the goal with a deliberate fast break. Ball handling by the Cadets was particularly good as the starting five of Kleckner, Fichtel, Arimond, Olinger and Zibton went to a 10 to 3 quarter score and then boosted their total to 28 to 6 at halftime.

The Marmion club, particularly rangy this year, controlled the ball off both back boards and with the exception of Van Fleet had the Geneva club manacled at most close-in positions.

November 24th—Marmion	15	13	10	12	50	Zibton scored 11 points.
Geneva	3	3	10	13	29	Van Fleet scored 15 points.

MARMION 55—NAPERVILLE 24

Marmion Cadets tucked another victory scalp under their belts last night as they romped over the Naperville Redskins, 55 to 24. Marmion has scored 105 points in two games, to their opponents 53, to almost double the opposition.

The cadets pulled away 11 to 7 at the end of the first and then led 21 to 13 at the half. Marmion tossed in 17 points in each of the last quarters, and held Naperville the two stanzas, six in the third and five in the final.

November 26—Marmion	11	10	17	17	55	Fichtel collected 14 points.
Naperville	7	6	6	5	24	Kruger collected 13 points.

MARMION 41—SANDWICH 25

Marmion cagers downed Sandwich of the Little Ten Conference last night, 41 to 25, in the cadets' gym. Marmion's height was just too great for the Sandwich team last night, and although they played the Cadets practically even until the 3rd period, a one point 3rd quarter dropped them far behind. The Cadets garnered 13 markers in the period when George Olinger hit the boon consistently.

December 3rd—Marmion	11	10	13	7	41	Olinger scored 15 points.
Sandwich	7	11	1	6	25	Worland scored 13 points.

MARMION 37—GENEVA 24

Marmion's cagers rolled over Geneva 37 to 24 to give the Cadets their fourth straight win, with Bill Kleckner, rangy forward, leading the scoring with four baskets and 2 free throws. The Cadets led all the way, scoring 10 points in each of the first three quarters while holding Geneva to 17.

December 4th—Marmion	10	10	10	7	37	Kleckner scored 10 points.
Geneva	5	6	6	7	24	Weiner scored 7 points.

MARMION 50—ELMHURST 17

Marmion cagers fast broke the Elmhurst Catholic High cagers all over the bonie floor and completely dominated the play to 50 to 17. The win for Marmion was their fifth in as many starts, was practically assured in the first quarter when the Elmhurst crew were practically demoralized when the Cadets pressed them everywhere. Ireland's quintet, with instructions to closely guard their men all over the floor, did so with such completeness that the rangy Elmhurst cagers just didn't know what to do about it. During the period the Cadets piled up a 17 to 2 margin.

December 12th—Marmion	17	15	11	7	50	Fichtel and Arimond 16 points each
Elmhurst	2	3	6	6	17	Friecson scored 7 points.

MARMION 38—DES PLAINES 20

Marmion Cagers found little difficulty in scoring and the Cadet mentor used this opportunity to test some of the reserve strength. Fichtel, Kleckner, Arimond, Shanahan and Zibton opened for Marmion but gave way early in the second period to substitutes understudying them.

December 17—Marmion	12	10	8	8	39	Kleckner scored 13 points.
Des Plaines	4	4	6	6	20	Nacchi scored 7 points.

MARMION 53—ST. THOMAS 28

Marmion completely demoralized a St. Thomas team, winner of six straight victories, when the Cadets blasted their unbeaten record with a 53 to 28 defeat. The final score and the Tommy's fall was indicated when the Cadets sped to a 8 to 2 quarter. Marmion tallied 32 more points in the final period when holding St. Thomas to 19. During the course of the demolition of the Rockford club, Ireland used 10 men.

December 19th—Marmion	8	12	12	21	53	Fichtel scored 15 points.
Rockford	2	7	11	8	28	Conley scored 11 points.

MARMION 60—SOMONAUK 28

Connecting with 42.6 per cent of their shots, the Marmion basketball team defeated Somonauk of the Little Ten, 60 to 28, for the 8th win.

Marmion pushed its defense far out on the floor and most of Somonauk's shots were forced. Somonauk scored but one field goal in the second half and that being against the reserves in the last eight seconds.

December 21st—Marmion	13	15	18	14	60	Kleckner scored 19 points.
Somonauk	14	7	5	2	28	Breuning scored 8 points.

MARMION 63—ST. THOMAS 43

Marmion, currently rated fifth state prep cage team, won their 11th game 63 to 43. Ireland's club started right off with three fast baskets on quick breaks by Fichtel and Kleckner and a follow-up by Zibton, who changed from guard to center as Don Arimond was in bed with flu.

January 9th—Marmion	15	16	17	15	63	Fichtel scored 17 points.
St. Thomas	9	11	15	8	43	Conley scored 20 points.

MARMION 46—MOOSEHEART 31

Marmion pushed their win streak to 12 straight as they beat Mooseheart at the Cadet gym. Ireland's club led all the way, although the game for the 1st half was at least fairly close. Marmion took a 11 to 1 first quarter lead which they pushed to 27 to 18 at halftime. Both teams slowed down in the second half with Marmion garnering 19 points while Art Adams' cagers got but 13.

January 14th—Marmion	11	16	12	7	46	Fichtel scored 26 points.
Mooseheart	8	10	7	6	31	Pickett and Nichols 9 each.

MARMION 45—SOMONAUK 28

Marmion added Somonauk to its growing list of victims as the Aurora Cadets annexed win number 13 at the Somonauk gym. Neil Fichtel continud his current hot streak at the buckets, making 21 points as the Cadets took an easy game from the Little Ten Club.

January 15th—Marmion	14	11	14	6	45	Fichtel scored 21 points.
Somonauk	9	9	5	3	28	Voss scored 13 points.

MARMION 37—BATAVIA 26

Marmion won number 14 from Batavia in a rather rough affair, featured by rather poor handling of the ball on both sides. There was a total of 37 fouls called, 16 against Marmion and 21 against the Windmill City boys.

January 22nd—Marmion	12	10	6	9	37	Olinger and Zibton 7 each.
Batavia	7	7	0	12	26	Meyers scored 6 points.

MARMION 71—STERLING 14

Marmion chalked up its 15th straight basketball victory when it swamped Sterling Community High School 71 to 14 in the Cadets' gym.

January 30th—Marmion	16	16	19	20	71	Fichtel scored 19 points.
Sterling Com.	2	6	6	0	14	McDonnell and Scott 4 each.

MARMION 28—MOOSEHEART 26

Mooseheart used a deliberate slow breaking game against Marmion's high scoring outfit and after tying the score at 26 all in the last 43 seconds, lost a 28 to 26 decision when the Cadet center, Don Arimond, hit a long shot for the margin of victory.

February 4th—Marmion	4	6	12	6	28	Arimond scored 8 points.
Mooseheart	2	7	8	9	26	Ballotti scored 8 points.

MARMION 50—ELMHURST 25

Win number 17 was hung up on Marmion's basketball schedule when the local Cadets dropped Elmhurst 50-25. Marmion started slow, but the last three quarters served at will.

February 6th—Marmion	7	13	16	14	50	Olinger and Kleckner 10 each.
Elmhurst	5	9	1	10	25	Osborn scored 8 points.

MARMION 33—WATSEKA 38

Watseka's Warriors lived up to their name, battling throughout the March of Dimes benefit game played in Marmion's gym, February 8th, to come from behind and win over a gallant Cadet squad, 38-33, as a jammed gymful of spectators saw a real basketball game.

During the first half it was Marmion that went to town as play after play clicked to give the host team a 12-9 lead at the end of the first quarter and a 23-19 advantage as the half closed. It was beautiful ball to watch with each play set up by both teams, offensively and defensively.

The second half was just as technically perfect, although Ireland's boys had lost their shooting accuracy. Their plays still worked, but the ball swirled around the basket only to drop with a disheartening thud into the outstretched hands of the taller Warriors.

The victory boosted Watseka's record to 19 wins in 20 games, their only defeat having come at the hands of Champaign. The loss stopped Marmion's winning streak at 17 for the current season.

It would be impossible to select a star of the game for it was excellent teamwork that was the order of the evening. The six boys, whom Ireland used, and the seven, played by Don Wene, worked as cogs in two smooth, fast machines, all of them essential to the flawless type of ball game exhibited for the benefit of a worthy cause.

Special credit is due the promotetrs of the game, particularly Mr. Martin O'Brien, through whom

the contest was arranged and by whom the tilt was announced play by play over the public address system. A bow is also in order to the Aurora merchants who pushed the sale of tickets.

February 8th—Marmion	12	11	5	5	33	Fichtel scored 10 points.
Watseka	9	9	10	10	38	Redman scored 22 points.

MARMION 42—WILMINGTON 31

Playing at Wilmington, the Cadets chalked up victory number 18. Kleckner and Arimond proved too much for the high rated Wilmington outfit.

February 13th—Marmion	10	8	10	14	42	Kleckner scored 19 points.
Wilmington	4	6	9	12	31	Dude scored 11 points.

MARMION 67—DESPLAINES 29

Led by Neil Fichtel and George Olinger, each of whom had 16 points for the afternoon activities, Marmion knocked off their nineteenth win in 20 games.

February 13th—Marmion	15	14	26	12	67	Olinger and Fichtel 17 each.
St. Mary's	11	6	8	4	29	Charles scored 11 points.

MARMION 40—WILMINGTON 32

Putting the wood to Wilmington for the second time in two weeks the Cadets won their 20th game.

February 19th—Marmion	9	13	9	9	40	Zibton scored 11 points.
Wilmington	12	8	9	3	32	Dude scored 14 points.

MARMION 31—DOWNERS GROVE 29

Playing without George Olinger, the Cadets staved off a last quarter rally at Downers Grove to win number 21 and finish the regular schedule undefeated, except for the extra game with Watseka which was lost by five points.

February 25th—Marmion	7	10	10	4	31	Arimond scored 8 points.
Downers Grove	4	9	6	10	29	Doty scored 14 points.

State Regional Tournament

MARMION 35—BATAVIA 25

Marmion opened its basketball tournament proceedings on March 1st, at West High's gym with a 35-25 win over Batavia. The cadets jumped to an early lead and protected their margin throughout the game despite a third quarter spell of frigidity that aroused Batavian hopes. However, Ireland's lads outscored their upriver opponents 8-2 in the final stanza to ice the game.

March 1st—Marmion	9	9	9	8	35	Kleckner scored 10 points.
Batavia	4	6	13	2	25	Benson scored 9 points.

MARMION 33—ST. CHARLES 25

In the semi-finals of the tournament the Cadets took the floor after East High had eliminated West High in the first game of a rousing evening of basketball. The Marmion boys had their hands full in overcoming a smoothly functioning St. Charles quintet 33 28.

March 2nd—Marmion	4	8	9	12	33	Kleckner scored 12 points.
St. Charles	4	10	10	4	28	Beebe scored 9 points.

MARMION 44—EAST AURORA 49

Marmion and East High met in the finals of the regional play of the basketball tournament before a packed house which saw the Cadets drop a heart-breaking game 49-44.

The game was a natural, for it pitted against one another two outstanding teams that had been rolling over their respective opponents throughout the season. The Cadets entered the game with a string of twenty-three victories and one defeat behind them. East, with its towering and competent Bob LaVoy, was generally conceded unstoppable.

Although they managed to go into the lead only twice, and that for very brief intervals, during the game, the Cadets were never to be considered out of the play.

March 3rd—Marmion	9	13	9	13	44	Kleckner scored 13 points.
East Aurora	15	11	8	15	49	LaVoy scored 23 points.

Crowding the G. I. kids, each evening Nardone's fleet of some twenty-odd boys work feverishly hoping that some day they will graduate to the other half of the floor with the varsity.

The Frosh-Soph first string currently consists of McDermott, Breyne, Bell, Loker, and Bob Hess. The list of reserves includes such flashy players as George Kranik, Gene O'Connor, Jack Kennedy, George Boos, Don Clark, Dale Hess, Marv Wehler, Louis Milani, Pete Beczkiewicz, Pat Manning, Pewee Schuster, Jim McCarthy, and Joe Stopa. In fact, Nardone frequently has difficulty deciding which of the four or five combinations to throw at the opposition.

Lanky, high scoring McDermott imparts a bit of his cool calmness to the boys when the going gets rugged. Energetic Breyne has been gaining fame as a rebound artist since his recovery from a foot injury which kept him idle at the beginning of the season. Loker is concentrating on utilizing his height to keep opposing teams basket-hungry by breaking up passing plays. Bell and Hess are the boys who bring the ball down the court and set up those offensive plays preliminary to putting the scorekeeper to work.

Track Team

The flashy lads of the cinder path streaked toward the tape line and the end of the school year. The season was a tough one and as always, fate played her hand. But no matter whether the outcome was favorable or not, every membr of the squad knew that he must put out his very best. We don't claim to have the best track team around or even the next best, but every school that we've competed with knew that they had a run for their money.

This year's assemblage gave a couple of the better lads a chance to shine. Little Mickey Maguire was going great guns in the first

two meets competing in the broad jump and the hundred yard dash and totaling eleven points. But unfortunately, injured ankles eliminated any more of his support to the team.

"Rabbit" O'Keeffe flew around the half mile in fine fashion throughout the whole season, upholding his commendable record started back in '41 during his freshman year. His brother, Bob, has been making a fine showing as a sophomore and looks very promising for the following two years.

Another top trackman is beefy Ray Kirschhoffer, who piled up his points by slinging the shotput and discus. This year he has successfully upheld the fine record started last year by big Pete Perez. Rarely did Ray finish less than second place in either of the events as is shown by his point record.

These athletes just mentioned cannot make up a team, as we all know; it takes a well co-ordinated group. This is where the other fine members of the tracksters enter the picture. Such cinder men as Jim Murray, John Karwoski, Joe DuSell, Bill Snider, and Rollie Cusack help to add up all those points which went into the record.

Bill Snider and Dave O'Keeffe, only returning lettermen.

Tennis Team

As we go to press the Cadet netmen are drilling hard under the tutelage of Father Columban in preparation for the District Tennis Meet to be held at Joliet. Jack Shanahan, ace singles player of the team, and Cornelius Leahu, number 2 man on the squad, will represent Marmion in the singles matches at the District Meet. In the doubles matches, two teams made up of Dick Greenwald and Gene Banner, and Tom Ralcewich and Frank Butler, will carry the colors of the Cadets.

After a rather slow start due to rather cool and sometimes inclement weather, the netmen are finally rounding into nice form. Jack Shanahan, although dropping his first match to Stuart Robinson of Joliet Township High School, won the first set 9-7. Robinson retaliated in the second set and took it 6-2. Shanahan stepped out and

was leading 4 to 1 in the third set when Robinson suddenly came to life and swept the next five games to win 6-4. Cornelius Leahu, hampered by recent illness, was way off form in his match with Bill Kellanback and dropped it in straight sets, 6-0, 6-4. Despite this loss Leahu is considered one of the most improved players on the team and should have great possibilities if he is able to build up the necessary endurance. He has a smooth service, a great forehand and backhand that is showing consistent improvement. Dick Greenwald, third singles player on the team, has also shown great improvement this year, thanks to his hard work during the practice sessions last fall. Dick played on the doubles team last year but was moved up to third singles this spring when Bob Friemeir failed to return to school. Although a little erratic at times, Greenwald promises to develop into a top-notch player with a little more seasoning and experience.

In the doubles matches the following players are striving for starting positions: John Lynch, Jim Morency, Bill Distell, Gene Banner, Tom Ralcewich, and Frank Butler. The first three named above are juniors and the latter three sophomores. Gene Banner won his letter last year paired up with Dick Greenwald. Other cadets on the squad who are working hard but lack experience are "Slatts" Slattery, Dick Miller, Don Enderlin, and Bob Migley.

PHYSICAL

Intraschool Bo

As a new event for the cadets at Marmion, an elimination boxing tournament was inaugurated this year. Approximately one hundred and fifty cadets participated to make the occasion a gala one. Cauliflower ears were in order as fellows ranging from eighty-five pounds to two hundred and twenty pounds took turns slinging the leather. Three rounds constituted a bout, each round lasting two minutes. Decisions were determined by picked faculty members and technical knock-outs were called as soon as blood was drawn.

In all the tournament lasted six days with the champions and co-champs meeting in the final bouts. The ring was improvised from several mats covered with a sheet of canvas. Chairs were set around the square and the fans flocked in to a capacity limit.

Major Ireland was timekeeper and Tom Kasperski acted out the duties of the referee.

The tournament was instituted as a special feature of the physical education program and served to show who knew how to take care of himself. Some of the results were very

surprising as several of the upper classmen were polished off by the well maneuvered gloves of plebes and sophomores. Of course, the decision was usually the other way around.

The last night of pugilistic activities saw the following results:

Fredricks edged out Seng in the eighty-five pound class. Among the hundred pounders, DiBella proved tops over Descourez. In the hundred-eighteen pound division tangle, Kilroe was proven inferior to Sherman; topping those with about a hundred and twenty-six pounds of beef, Paul Duffey nosed out Rotherham's bid for the crown. The hundred thirty-fivers were all floored by Joe DuSell when he went to outslug Enderlin. Corcoran topped the hundred forty-seven pounders with a slashing victory over Saelens; and game and rugged Prindiville was nosed out by Don Clark in the one-sixty class. The main and most exciting meeting of the evening was between the Murray twins, Jim and Pat. All brotherly love was forgotten as Pat went on to win by the closest of margins.

Alfonso Solano, the Columbian Wildcat, plants a solid one on Petrie's jaw.

The determined looks are emitted from the Murray twins as each bids for the title.

Intramural Basketball

One of the regular mainstays of the athletic cycle at Marmion is the annual inter-school basketball tournament. Several of the varsity basketball members and other outstanding players of the hardwood are picked as captains and then choose for their teams. The league is divided into two sections, the junior and senior. The former is composed of freshmen and sophomores, while the latter consists of the other two remaining classes. Games are played for about a week every afternoon with the losers dropping out and the victors rising to the top place.

Marmion Annual Grade School Basketball Tournament

Marmion gym resounded with the shrill cries of future cadets on the afternoon of February 20th as the grade school finalists closed their basketball tournament with the St. Nicholas team winning its way to the championship from St. Mary's 31-16. Third place went to St. Therese's squad by reason of its win over St. Peters quintet 14-9.

St. Mary's kept the game a close one until the final quarter when the Father Schryer coached boys went to town, scoring 15 points against the seven St. Marys could mark up. A flashy little forward named David turned in the high score with his four baskets and one free throw. Second place scorers, also on the St. Nicholas team, were Arimond and Morgan, each with seven points.

After the grade school tournament was over, George Ireland, who had an exceptionally good year with his own team, gathered together those grammar school graduates whom he thought were the most outstanding. As all of these boys are entering Marmion next fall, most of them will comprise the freshman team, and perhaps a few years later star on the varsity.

To the Managers

These are the fellows who are at practice night after night, day after day, and always around when needed. They don't get the glory or the press writeups, but they're as important to the success of a team as the star. You don't find them complaining or goldbricking. They have a job to do and no matter what comes they do it. Hats off to the Managers!

Bill Snider

To Our Cheerleader

Anyone going to Marmion athletic contests always remarks about the spirit and the cheering ability of the Cadets. The credit for most of this goes to the cheerleaders, Bill Snider in particular. A team appreciates support from the student and the students appreciate a good team. When they work together a good record is had as can be seen in Marmion's football and basketball record. All we can say is thanks and nice going, Bill.

Monogram Club

The fellows whose names are mentioned below are those who carried Marmion's name to the foe in the field of sports. They alone can belong to the Monogram Club, for they have won coveted letters in one of the various sports. Our congratulations to all members of the Monogram Club.

REVEILLE

MAJOR GEORGE M. IRELAND
Faculty Advisor

The classes come and the classes go, but the "Reveille" lives on forever.

Everyone associated with Marmion is fully aware of this and the graduates of "1944" really put out to uphold this tradition. The "Reveille" was compiled solely by the seniors under the able guidance of Major Ireland.

As leader of the editing staff, Bud Kartheiser has done a higly commendable job in gathering together all the dope which you are now perusing. Some people might receive a false impression that the editor merely waits around and receives full credit; people like this ought to see Bud rushing around the school digging up all the matters of importance to enter in our volume.

We had another hard working lad in our midst, Harry Benson from Geneva, who has earned the position as Assistant Editor. A large majority of our articles are from his pen, but if any humor is found, it is purely coincidental.

As everyone knows, a book of this kind needs backing, and backing its got. The large number of patrons can readily be seen from the ads throughout the book. However it took some of the cadets to rake in this financial backing and two of the boys, Chuck Gering and Tom Barry, led the day students and boarders respectively and thereby gained positions as co-advertising managers.

STAFF

More cooperation was graciously received by typists Jim Adams, Bob Babos, Don Buckley and Dick Collins, who had much more than their share of pounding the keys.

Those mentioned above are only the main cogs of the machine that comprises the 'Reveille." The entire work is accomplished by the entire Corps, and we of the Staff say to our patrons and fellow cadets: Thanks for all the cooperation and support, and we hope that we have produced a year book worthy of its purchasers.

CADET

The Marmion "Cadet" has again completed a successful season as the outlet of happenings at Marmion, results of athletic contests, and things that cadets do not always mean for publication. Cadets get credit for what is written, but most of the flowers are due to Father Robert who acts as the paper's advisor. It takes a lot of driving and pushing to get even one issue out, and Father Robert has done it for nine such issues.

teresting as the teams always did so well. The columns "Daylight" and "Border Line" carried on in the same fine style as in past years. A new column, called "Lifting the News", and promises to be very interesting in the future. All important news and some of the not so important news was put on the front page. Several fine cartoons were handed in and helped to add a little variety. An overseas addition was mimeographed and sent to the Marmion boys who are overseas serving Uncle Sam. This should have provided some entertainment as any news from home is always well received.

The "Cadet" received a rating of "good" from the National Scholastic Press Association. This was judged from a staff at the University of Minnesota.

Plebe News

Started last year by popular request of the freshman class, the Plebe News has develped into a bi-monthly organ of Plebe thought and ideas. It has for its main nature the fostering of literary ambitions among the freshmen, and giving them a chance to display their talents along this line where they can be seen and appreciated. Also among, and in most freshmen minds the foremost of its objects is supplying the freshman with a chance to read about their own doings, written by classmates who know what they are interested in.

The Plebe News is very fortunate in having for its faculty advisor, Father Ernest Schnaua, who has given the Plebe Staff invaluable assistance in matters of news-writing, mimeographing, and arranging the paper, as well as taking care of the financial department.

The Plebe Staff is, of course, restricted to the members of the freshman class, yet even so, it has a long number of eager, ambitious authors striving to make it interesting. The "Cadet" benefits by the Plebe News also, as this training received by those on the "Plebe" Staff makes them good prospects for the "Cadet" in following years.

Religious Bulletin

The Religious Bulletin was established four years ago with the purpose of keeping current religious topics before students and alumni. Since then, it has expanded noticeably, as it goes wherever Marmion's alumni go. Four hundred copies are sent to alumni in the service, to Africa, Italy, Ireland, England Alaska, the Philippines, India, China, Australia, and wherever else our graduates are stationed, whether on land or sea. That it is welcome is evident from the many letters of gratitude and the generous contributions to the mailing fund, which was set up to defray mailing expenses of sending the Bulletin all over the world.

The Bulletin is a weekly, mimeographed sheet, originated and conducted ever since by Fr. Alcuin Dick. His staff consists of Miss Loretta Doyle, typist, and Jim Linden and Hugh Rose, artists, while most of the writing is done by Fr. Alcuin himself.

The Bulletin performs an additional duty in bringing attention to any special intentions of cadets for prayers. It features a weekly good work to be performed by Cadets for Alumni in service. Fr. Alcuin deserves special mention for his fine work in conducting this Religious Bulletin.

Sodality of the Blessed Virgin

It has always been the policy of Marmion to foster devotion to the Blessed Virgin, Mother of God. It is the design of the school that all cadets belong to the Sodality of the Blessed Virgin. Accordingly on December the eighth, the Feast of the Immaculate Conception, all the new cadets are annually received into the Sodality of Mary. The reception of the new clients is held by the School Chaplain, who is moderator of the Sodality.

Besides fostering devotion to the Blessed Virgin, the Sodalists are eager to take part in the Sodality's chief activity for Catholic Action—Cisca.

Cisca

This society meets Saturday in Chicago under the direction of the Rev. Fr. Carribine of the Queens Work. Several of the Cadets go in each Saturday to attend the meetings. There are representatives of most of the Catholic High Schools in the Chicago area.

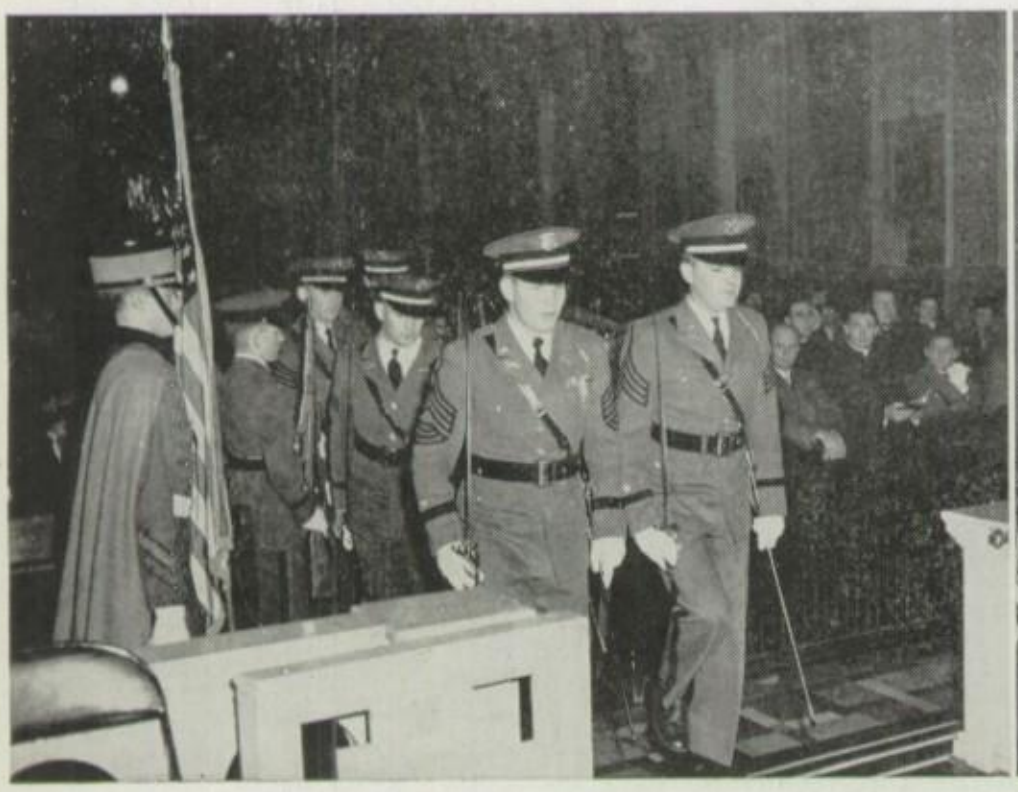
At these meetings points of present day importance are discussed by those present. Marmion Cadets always take active part in these discussions. At school these topics are discussed amongst groups of Cadets, thus helping to spread the idea of Catholic Action amongst the Cadet Corps.

Due to present transportation difficulties it is impossible for all the Cadets who would like to attend these meetings to go, but the representatives are rotated so that every one who wants to attend may do so at some time.

From time to time meetings are scheduled at school at which the whole Cadet Corps participates in the discussion of some of the points brought up at the meetings.

ST. SEBASTIAN'S MILITARY MASS

On Thanksgiving Day, 1943, Marmion Cadets supplied the guard of honor for a Military Mass at St. Sebastian's Church on the north side of Chicago. The Mass was offered up for all parishioners in the service of their country. Participating in the ceremonies were a color guard and twenty officers and cadets. The Mass was sponsored by the Pastor, Rev. Fr. James F. Cloonan, It was very well attended, and various parish organizations made fine showings.



Holy Name Society

As it is a joy for every Pastor of a parish to have all his men and young men belong to the Holy Name Society, so also Marmion feels happy in the fact that all the Cadets make the solemn pledge shortly after each new school year is under way.

The pledge is made to the Holy Name Society Moderator, who acts as delegate of the Diocesan Director.

The spirit of the Cadets toward their less fortunate brothers in Christ can be deduced by their generous contributions to the work of the Indian Mission both in money at Sunday Mass and by clothing which they no longer can use. From time to time the Chaplain sends quite substantial sums to the Missions up in North and South Dakota, to the Negro missions in the South, and to the Mission Crusades of which Marmion is a member.

Another practice quite commendable is the "Penny a Day Club" during Lent in which each Cadet contributes a penny a day. Also from time to time other special collections are taken up, such as on Mission Sunday when the contributions are very generous.

This spirit is general among all the Cadets who feel that someday the small amount they contributed will be returned a hundred fold.

Military Ball

On May 19, 1944, the Annual Military Ball was held in the Marmion gymnasium. Music was furnished by Russ Bothe and his orchestra of Chicago. A large representation of the Cadet Battalion was present. Due to war duties few alumni were able to be present, but various uniforms of the different services were spread throughout the crowd. The decorations were very colorful and appropriate for the occasion.

The following committees were in charge of arrangements:

Hallowe'en Dance

With hearts aflutter and hopes high the Seniors picked the 29th of October for their combined Fall and Hallowe'en Dance. With the "SMOOTH" music of of Leonard's Blue Rhythm Band new styles of "jumping gymnastics" were brought out. It also gave the less energetic a chance for the sweet and low.

Pumpkins, cornstalks, bales of hay and straw combined with old-fashioned lanterns decorated the gym. Very appropriate for that time of year. The committee in charge, composed of Dick Rump, Fred Miller, Laverne Reckinger, Dave O'Keeffe, Eddie Boyle, George Brandt, and Bob Nelson, collected the needed materials from willing local farmers.

Thanksgiving Dance

"Get hep to the jive" model for the Thanksgiving Dance. With Dave Schwanz giving out with the irresistible swing and sway, the fellows just let themselves go. Of course the idea of Thanksgiving vacation helped. Juniors who were in charge of the affair appealed to the "Solid senders" to bring their best girls out for a "rip snorting" good time. It went over with a big "BANG".

Youth Citizenship Day

Thousands of citizens from Aurora and the Fox River Valley gathered on the campus on May 29, 1943, for the Eighth Annual Youth Citizenship Day. The day began with the largest youth day parade ever held in Aurora from River and Downer Streets in Aurora over the Memorial Bridge on New York Street and up Lake Street to the Marmion reviewing stand.

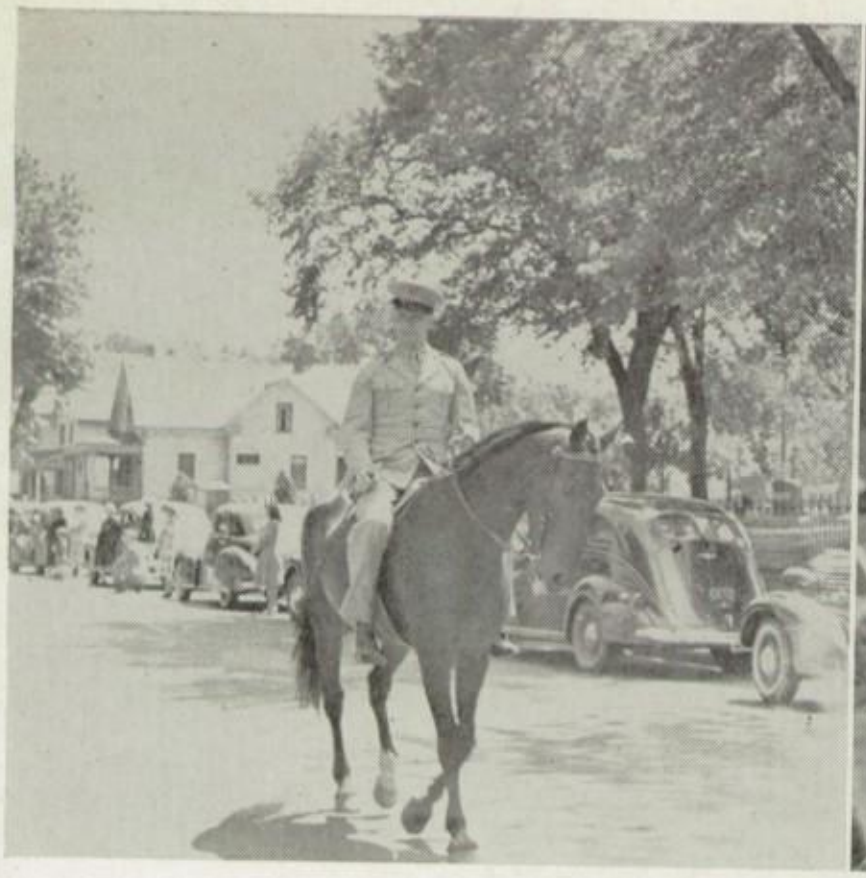
The principal speaker of the day was S. E. Thomason, publisher of the Chicago Daily Times. He spoke directly to the youth of the nation when he spoke to the youth of Aurora, and particularly to the Cadets of Marmion Military Academy.

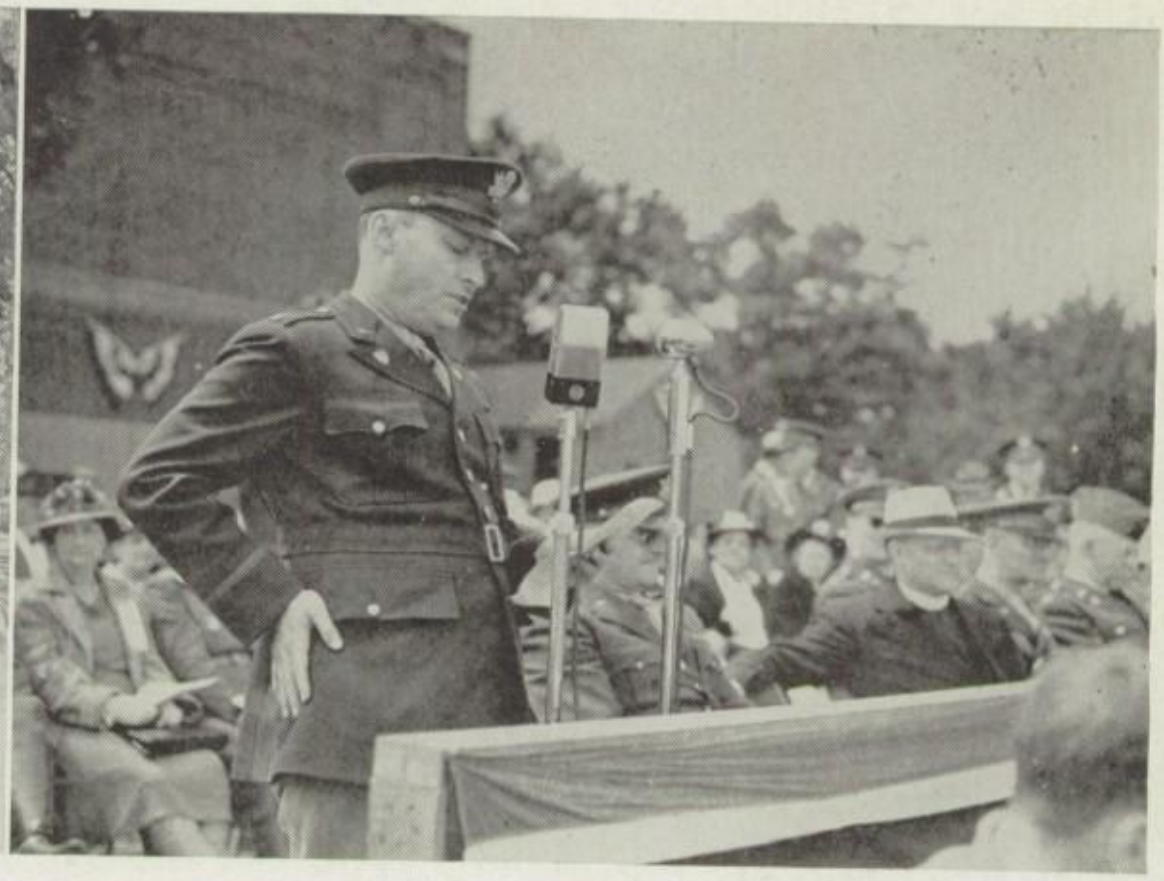
Cadet Captain Richard W. Huberty of Aurora spoke on Military Training for leadership, and Cadet Lieutenant William G. Mahon on Catholic Education for Citizenship. Both boys won this honor by writing the best talks for this occasion in competition with the other graduating Cadets.

Close order drill was demonstrated by companies B and D; machine gun drill by a picked unit, and physical drill by Company C. These drills were put on simultaneously to cover the entire parade ground and give the crowding throng an opportunity to see the various activities which are a part of the cadets' training. Products constructed by the various cadets in studies were on display in the new recreation building.

Among the guests of honor were the Honorable Mayor of Aurora, Andrew Carter; the honorable aldermen of the city; and various representatives of the patriotic organizations of Aurora and vicinity.

Arnold P. Benson, president pro tempore of the Illinois Senate, was present as a representative of Governor Green of Illinois. Captain Edward J. Fitzpatrick was here from the commanding General of the Sixth Service Command. Father Norbert, O. S. B., superintetndent of Marmion, delivered the opening address of welcome, and Captain T. J. Bednard, general chairman of Youth Citizenship Day, was master of ceremonies. Major Joseph T. Zak gave the necessary explana-

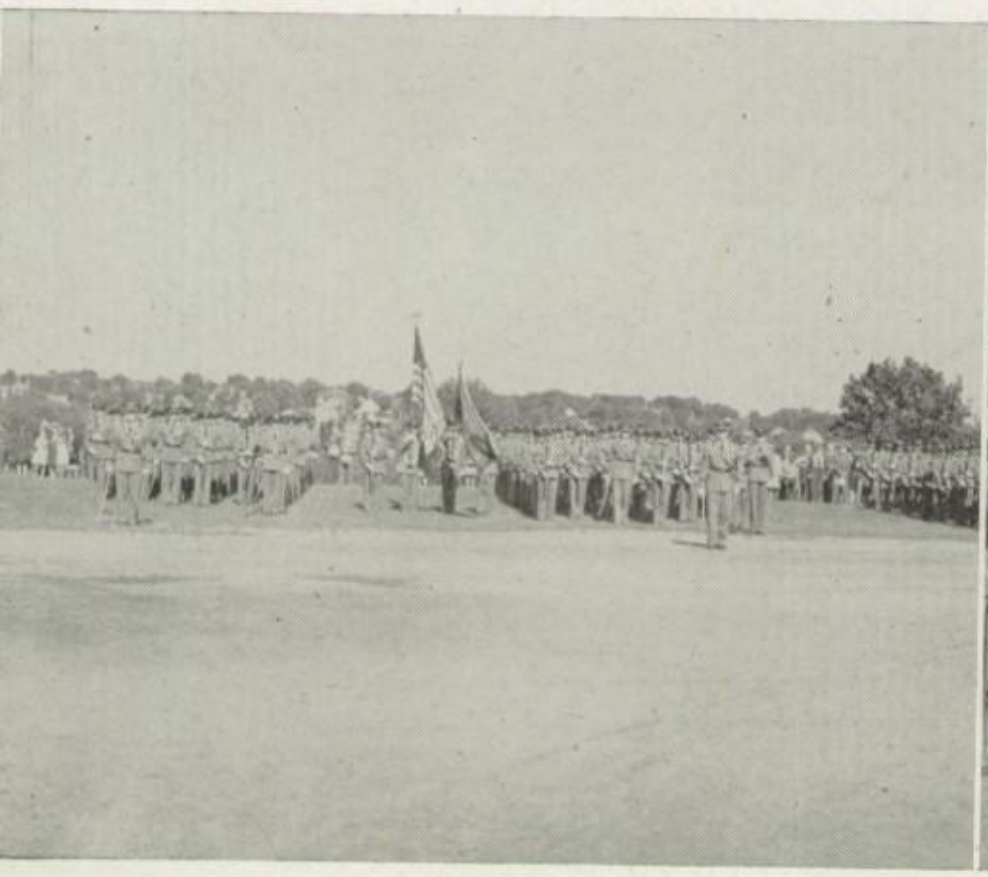


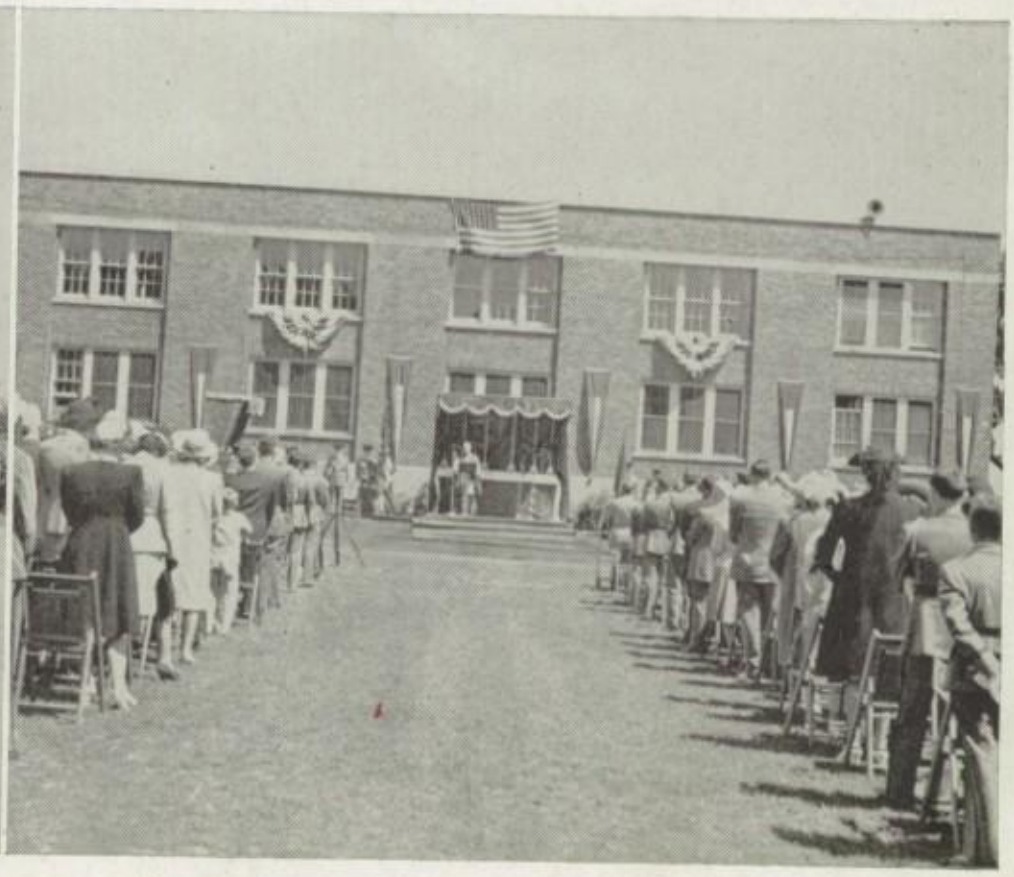


tions during the military ceremonies. Major Charles W. Frett co-ordinated the various services required for the organization of the program.

The colorful and important ceremony of the guard mount, which is, however, hushed and expedited on the battlefield, was presented by Company E and the Band. Following this ceremony the awards won by the cadets were presented by William Randolph Hearst, publisher of the Chicago Herald-American. Kane County Council Veterans of Foreign Wars presented the Best Company trophy; Mr. Maxwell of the Chicago Tribune presented the Chicago Tribune R. O. T. C. medals; the Robert M. Dyer Post No. 20 of the United Spanish War Veterans presented two military proficiency medals. Marmion Military Academy made awards to Cadets for various military achievements.

The great event of the year closed with the firing of the salute gun the playing of the National Anthem, and the passing in review of the Cadet Battalion.





Mass Servers

One of the most distinguished duties of the Marmion Cadets is that of serving the Fathers during the Holy Mass. This practice is not confined to only the upper classmen; everyone in the school is free to assist in the Sacrifice.

Every week, two of the servers are appointed to assist at the Mass at the main chapel where all the cadets go to celebrate every day. While this is going on, a number of the other servers are helping out the other Fathers over at the altars in the Faculty House.

In order to attain a position as an acolyte, the cadets must be a constant communicant and have no marks chalked up against his name. He must learn and be able to recite fluently all of the Latin prayers required throughout the Mass.

Each Sunday when the Corps celebrates High Mass, the outstanding acolytes are appointed as the assistants to the solemn celebration.

A few times through the year, special events such as St. Benedict's day, Palm Sunday, etc., arise which require a Solemn High Mass to properly pay tribute to them. At such occasions, the pick of the acolyte crop is used. The greatest thrill of the year is when a cadet is privileged to serve at the Field Mass on Marmion Day.

Besides serving at the Masses, the acolytes also act as assistants at Benediction and Rosary Services.

The faithful Cadets do not go unrewarded; they are given special privileges by Father Hubert, the Chaplain, such as attending CISCA in Chicago and attending and serving at weddings and funerals in the Aurora vicinity.

Choir

One of the new additions to the faculty, Father Ernest, has produced a very neat job in polishing up the choir. Starting right after his inaugural on the staff. Father Ernest picked out twenty-five of the best chirpers in the school and proceeded to work on extracting the needed golden tones.

Every Sunday morning, the choir fills the chapel with the "music that shows adoration." An excellent job was had at the solemn high mass on St. Benedict's day.

On Youth Citizenship Day the choir merged with the Glee Club to put on a spectacular program of singing.

Dramatic Club - Minstrel

A new type of entertainment is in store for people attending the Minstrel. This will be given on May 5th and 7th by the Dramatic Club under the direction of Father Ernest, Mr. Boyle and Mr. Gilbert. During the past several years the student and public interest have lessened in regard to the usual plays and one act skits that had firmly intrenched themselves. In recent years, too, student participation was limited to a comparatively small group. Plans for the coming minstrel call for a much larger and hitherto unexplored group.

Ed Boyle and Glenn Gilbert, who have been behind the show, have decided that Frank Michels has been chosen the interlocutor. The endmen now practicing their southern dialects are Ray Kirschhoffer, Bill Snider, Jerry McCoy, Al Cook, Ed Boyle and Glenn Gilbert. Variety acts have been prepared by Jack Glenn, Rich Boyle, Paul Gilbert, Al McCoy, Hank Wanner, Bill Fixmer, R. E. Lies, J. J. Camp, R. Keicher, George Gibson, Stew McCauley, Dick Rump, George Brandt, Fritz Miller, Jim King, and J. Bellow. Musical accompaniment is under the direction of Captain Haugland.

Glee Club

Marmion's newly formed Glee Club under the direction of Father Ernest, O. S. B., gave a winter concert on December 12, 1943, in the gymnasium. Considering the short time Father Ernest has been here and the newness of the organization it was a surprisingly excellent job. The Glee Club did particularly well in its rendition of "Coming In On a Wing and a Prayer". They sang popular and classical selections with the same amount of feeling and spirit.

The Glee Club treated a good audience of listeners to a fine program of music and talent in its Spring Concert on April 23, 1944. The same high quality of rendition was noticeable in this as in their previous concert. Congratulations to Father Ernest and the Glee Club for the swell job they have done.

1—WAGNER
Still possesses the biggest protrusion in the school except for Fleming. Still stands at parade rest in Willie Kleckner's platoon. Vulgarly known as "Satch".

2—THOMAN
The little first sarg with the big bark. Always has trouble explaining to Fr. Damian why he wasn't at Church on such and such a Sunday.

3—FRIEDERS, G.
A quiet fellow with a perfect mouth for playing the clarinet. Hasn't changed a bit except that he's grown a little and has hair in his eyes.

4—BUCKLEY
His face is now bursting with freckles and his hair is a curly batch of straw. Served well as a sgt. and was Kartheiser's best choice.

5—DRIESSEN
The madman from St. Charles. Loves airplanes and cars, but has trouble in both. "Little string" is all right and that is just what the fairer sex say.

6—KLECKNER
Really knows Chicago, especially So. State. Taffy, oh Taffy, where have you been all my life.

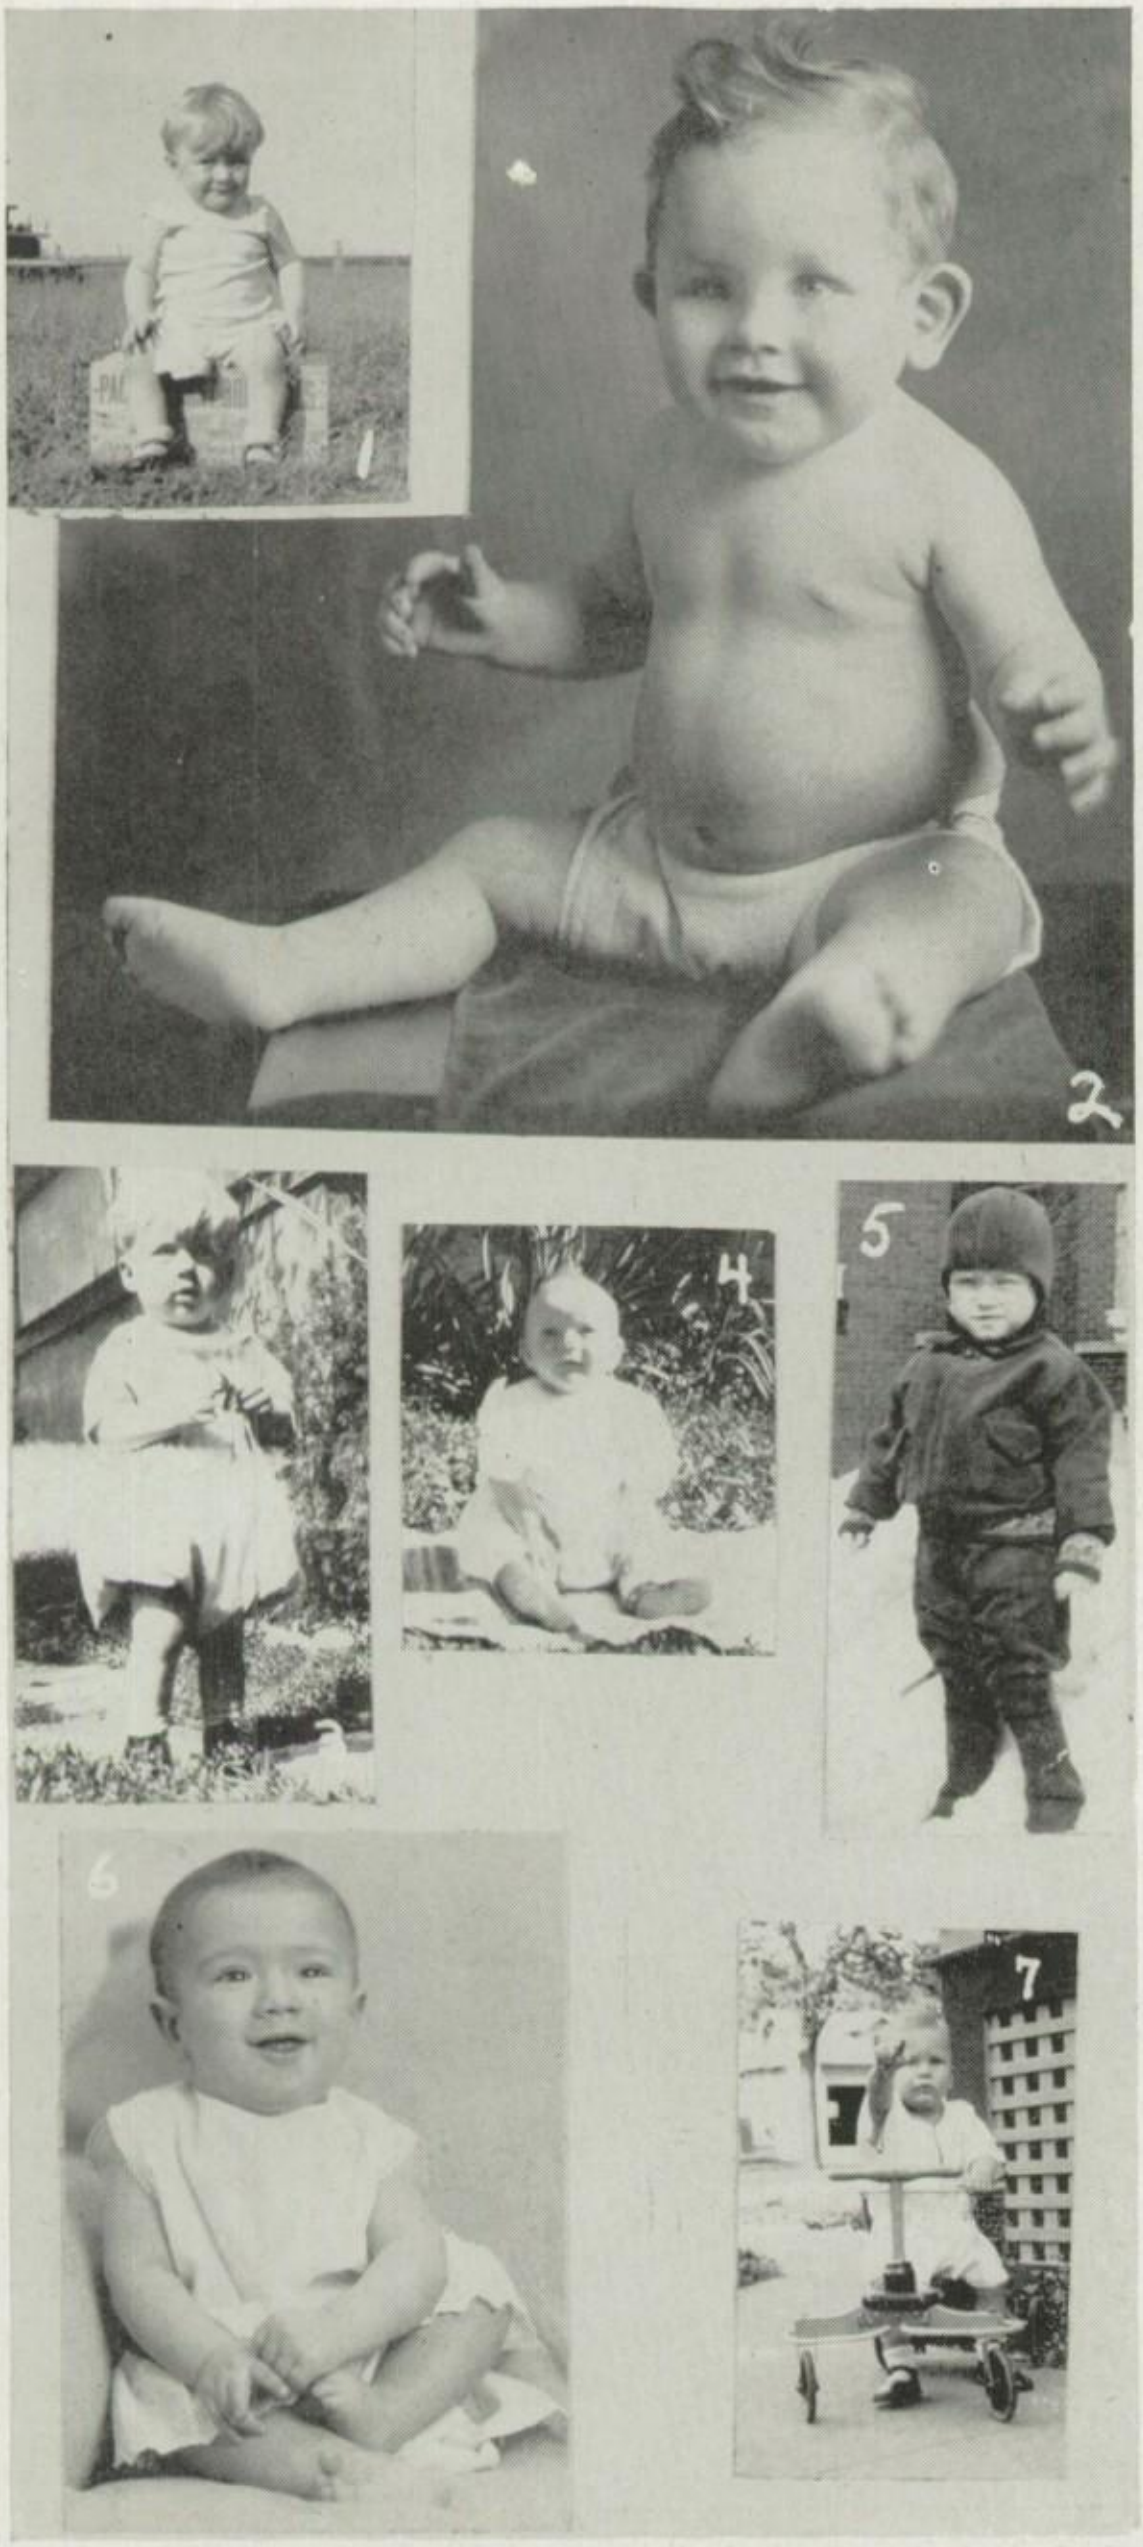
Compliments of

AURORA MOTHERS CLUB



1—O'CONNELL
Has his eyes, no doubt, on an airplane. Started young as a soap box radical and orator. Knows all the nurses, in fact he practically lives with them.

2—WAIDLEY
What a beautiful baby, but, baby, look at him now. Where, oh where, has that sweet look gone? They call him Cyclone even though he looked normal.

3—WEHLING
He still has that innocent look and most of the time his hair is in his eyes. But beware—he spends a lot of his time thinking up ways to kill his lieutenants. When he gets mad he throws anything, including rifles.

4—BAKER
Devilment in his eyes and a smirk on his face as he prepares a joke for some friend. Unusually quiet for a senior, pride of the typing class.

5—MITCHELL
A miniature sabateur or maybe just a mad chemist. The pride of the chemistry class and an expert on the production of hydrogen sulfide.

6—PRISCO
His first words were "Potatoes 45c a peck, apples 5 lbs. for a quarter". A storekeeper first class but he also finds time to come to school and other places.

7—MAY
A likely prospective for the supreme commander of Co. D next year. Loves to drive his car and drink somebody else's beer.

1—FRIEDERS, E.
It's too bad those big bright eyes are hidden behind bifocals. He would have been a killer with the girls. You can see the beginning of those muscles in the way he grips that rattle. Has a brother who doesn't make the least resemblance.

2—BRANDT
The curly locks changed to black and were for a while strawberry blonde. Thinks he can dance. Seems to have trouble with a missing front molar.

3—ACKERMAN
One of the quietest fellows in the senior class. Has trouble making his tongue go the way he wants it to. An old standby at the canteen.

4—ERTEL
That same determined look is spread across his puss most of the time now. Of course he walks most of the time now, but you should still be able to recogn'ze this famous sgt. of Co. C.

5—NELSON
This bald headed lad who can trace his ancestry back to Sweden has resorted to wearing a rainbow colored toupee. Has trouble with Fr. Wilfred's eight grader.

6—CRAWFORD
Hot-lips doesn't blow anything at school now except his mouth. Unvoluntarily speaks baby talk. Keeps his top well shaven and prizes his football letter.

7—UPHUES
Feels undressed without his bedroom slippers. Already shows the gleam in his eye which means only one thing—Austin girls. "Carry Me Back to Ole Virginny."

8—RUMP
One of the boys from across the Mississippi. Seems to have trouble with girls named Rosie. Possessor of the waviest blonde hair in the school.

Infirmary

The infirmary, that smart looking white house located between the faculty house and the main building, seems to be a bigger and better place this year with all of its new additions. The old infirmary, which could accommodate only five patients, was, through the Quartermaster, Major Frett, remodeled, and a new ward annexed. This new ward amply fulfills all the requirements needed to expertly nurse eight patients, and has the best of modern facilities. Among the all modern improvements are an ideal shower-room, dainty lace curtains, and new furniture. The supply of medicines and medical supplies have also been increased, and though the war has made many items hard to get, we have more materials than ever before. Indeed with all the improvements, we can truthfully say that we now have a small modern hospital.

In spite of shortages and difficulties in finding doctors and nurses, we were lucky to obtain, through the efforts of Father Leonard, O. S. B., who is our health officer, our old friend, Dr. Logman, M.D., and Miss Dean, R.N. Dr. Logman has well proven his abilities,

as a doctor, being Marmion's physician for the past three years, during which time he has successfully cured every type of sickness or injury that was presented to him. Although Miss Dean has been with us only since Christmas, she has become the good friend of every cadet in the school. Her pleasing smile, winning ways, and most important, her knowledge of what to do and how to do it has given a safer feeling to all who need care. The combination—Father Leonard, Doctor Logman, and Nurse Dean is, in our estimation, unbeatable.

And do the cadets like the infirmary? Just watch the waiting line any morning, noon or night (especially on the days before exams). Of course some of those in the waiting lines are merely frauds, but then anything works once in a while. The infirmary has oftentimes been a boy's only means of suvival, be it recuperation from a "heavy" week-end, invasion from unprepared studies and exams, or real injuries or sickness.

As an added thought—those of you that think you know everybody in the school ought to drop in some time and take a look behind those portals. Some of the fellows literally live there.

Senior Personalities

Written by Nelson

ACKERMAN, R.
A boy from Indiana is Bob Ackerman. In fact Bob is from "La Gootie". He is one who proves hoosiers aren't hicks. You ought to see those letters he gets from Chicago.

BARRY, T.
"Tom" is from Chicago. Is well known for his supply of jokes which never runs down. A man of many loves. Tom uses the entrance to campus quite often. After Fr. Wilfrid caught him the third time Tom gave it up for "lent". Future reference U. S. Air Corps, Annapolis or West Point.

BRANDT, G.
"Technicolor George" is from Chicago. Tall, handsome and sometimes dark is this fellow. To find out more about him look in any Aurora diary. Future reference, U. S. Air Corps.

COLLINS, R. A.
"The Tiger" is from Chicago. Has formulated more schemes in four years than Edison could in 4000. The tiger has a personal file of all the Aurora stuff. He is very efficient on the methods of a gold brick.

CUSACK, R. J.
"Rolly" hails from Hastings, Michigan. Seems like a nice quiet type, but you should see him show his Junior buddy the best way to see a show on Saturday afternoon.

GEORGE, H. W.
"Howie" is also from Chicago. He is known as the detective of Aurora because of the way he "Traces" things down. He enjoys hot music and knows what to do with it. Reference U. S. Air Corp.

GOLINVEAUX, J.
"Barney" comes from Monroe, Michigan, and has pictures to prove it. Tall, dark and handsome, he appeals to Madonna, at least in the form of one person and vice versa. It's nothing new.

HAAS, D.
The stork dropped "Don" in Fort Madison, Iowa. He is a time tried member of the off campus club. He is pretty good at getting kicked off sports. Future reference U. S. Army.

KASPERSKI, T.
"The beak" is from Cicero, where men are men. Rugged with a hatchet is Beak as Paradise Hall benches testify. Future reference U. S. Navy.

KING, J. J.
A swing kid who by nature is "Jim". You know "Jim doesn't bring me pretty flowers." He has come to us from Chicago. Roller skating and dancing are his future "musts".

KIRSCHOFFER, R.
"Ray" is from Zion, Illinois. Ray is a natural athlete. He has been picked as "The best man not to get hit by" by opposing football teams. The ladies like him but can't seem to get him. He is also known as a famous artist of Marmion blackboards.

MARTIN, J. P.
Jim is a fellow from Chicago. He is renowned throughout Marmion for his scientific application of the "gold brick" process. Love, too, fills his tender life. Describing M. E. C., Martin says "Pwing". Future reference Navy V-12.

MILLER, C. F.
"Fritz" is a fellow from "no man's land", at least "no man" knows where he's going to live next. Probably the biggest of all wolves. Fred has a style all his own.

MURPHY, G.
"Red" comes from Ohio. He looks quiet and gentle but we who know him better see fire in that red hair. Is also a member of the off-campus club.

MURRAY, J. J.
Jim, too, is attributed to Chicago. We hear this boy really gets around. He is known for his slow casual manner which makes him friends easily. As a man about Aurora, Jim would rather go to Batavia. Never is there a session so stormy as Mess II without a letter from Carol. Future reference U. S. Air Corp.

MURRAY, P. J.
Pat also was accumulated in Chicago. Very aggressive, this fellow usually gets what he starts out after. He is quite famous for his famous Murray smacks in the barracks. Future reference U. S. Army Air Corp.

NELSON, R. E.
"Nels" is from Indianapolis. He has been ordering "flowers" in French lately. He is also a member of the off-campus club. Bob has a habit of being late for everything, even dances. Future reference U. S. Air Corps.

O'KEEFFE, D. F.
"Rabbit", too, was dropped into the windy city by a stork. Ever since he has been trying to get into the stork club. He is one of the few of our class to set a school record. His was in track. Future reference U. S. Army.

RUMP, R. L.
"Dick" is from Fort Madison, Iowa. He is not tall and dark but the third part belongs. An All-American campus skipper who not only goes off himself, but takes half the class with him. Future reference U. S. Army Air Corp.

SHANAHAN, J. E.
"Irish" is a boy from Chicago. He is what is known as "the personality kid". Everyone likes him. Ask the plebe sisters if you don't believe this. The only guy I know who joins the Air Corps and gets in the Navy.

UPHUES, R. F.
"Uppo" migrated from Chicago. He is noted for a certain type of guerilla warfare which he has not patented but which has not been copied. His jokes are noted for the special twist in them. "Love them and leave them" is his present romantical motto. He likes parties, so we hear.

WARNIMONT, J. H.
"Rooster" blew in from Roselle and has been blowing about it ever since. In a mad effort to show us what they do at the Bartlett dance at home he really does some jitterbugging. Future reference U. S. Air Corps.

FLAMING RIDE COOLS CREW COACH DURING TRIAL RUN ON THE FOX RIVER

Fr. Sebastian

His heart skipping gaily to the tune of "Anchors Aweigh", a penetrating whistle through his lips, Fr. Sebastian brushed an inch of dust from Torpedo, the outboard motor boat bought for the crew through the good graces of the Chicago Chapter of the Mothers' Club and piped Fr. Prior and Fr. Raymond aboard on that fateful, almost fatal, September 1st.

Gracefully, the skipper guided the craft into the center of the placid Fox river before he started the motor. One cough, two coughs, and the engine throbbed into pulse-quickening life. Skilful nursing raised the throb to a ponderous roar, while the captain set his course downstream. Another cough, a splutter, and the boat began picking up speed.

Fr. Prior serenely gazed upon the passing scenery, Fr. Raymond glanced, with a raised eyebrow, from motor to skipper. Then it happened. Through some still unexplainable freak there was a flash, a puff of smoke, and the whole motor burst into flaming action.

In the boat there was a moment of stunned silence and inaction, but Fr. Sebastian arose to the situation. He gave it hard rudder to port and headed for shore. However the forward motion was insufficient to carry boat and riders far enough. Someone hoped out loud that the gas tank wouldn't explode and set Fr. Raymond into a two-handed feverish paddling. Once in shallow water the captain, defying all traditions of the sea, was the first overboard. To his credit, however, it can be said that solicitude for his boat prompted the action, for his busy hands sprayed half the Fox into the flames before he climbed the bank dripping but triumphant.

Even superficial inspection showed the motor to be of no further use for some time. All wiring had been destroyed. The boat, however, had escaped harm and blissfully lay in drydock during the three weeks it took to have the motor repaired.

Such is the story. And, one might add, that is the reason why no one dare recite any parody on that famous poem, "The boy stood on the burning deck." History was made and it took the dean of the History Department at Marmion to make it.

BROTHER GERARD

Proprietor of Marmion's post exchange for five years, Brother Gerard has gained the friendship of the cadets not only by selling them candy and ice cream, but by his jovial good-naturedness as well. He has become as much a fixture around the school as his PX and the goods sold there. His pride and joy are the decorations with which the Canteen is bedecked on St. Pat's day. All of the cadets agree that without Brother and his food existence would be dull indeed.

BROTHER HENRY

One of the main cogs of the entire school machine is a hard working Brother Henry. Nobody could very easily consider the job of fitting up the entire Cadet Battalion in three uniforms to be a cinch of a job. His is the responsibility of seeing that every boy has a respectable fit as well as top-notch equipment. When all of you folks see a nifty cadet walking around with a spiffy drape shape, your credit belongs with Brother Henry.

LINE OF TRIPE

The only Cadet in the school with a nose so long that he can smoke a cigar under a shower without getting it wet. Guess Who?

Look at the bottom of this page for a picture of a sinking ship.

Snider, out of town for his girl's birthday, sent her a check for a million kisses as a present. The girl, a little annoyed at his thrift, sent back a post card:

"Dear Willie: Thanks for the perfectly lovely check. The boy next door cashed it this morning."

The space below is dedicated to those who would like to have their names in this book. Just write it in fellows:

.....

Father Alcuin: "Who can name five things that contain milk?"

Chaltraw: "Butter, cheese, ice cream, and two cows."

Sgt. Mike rapped on his desk and shouted: "Gentlemen, Order!"

The entire class yelled: "Beer!"

Rosie: "How could you get a broken arm from having skin trouble?"

Rump: "It was a banana skin."

Mother: "Did that Cadet attempt to kiss you last night?"

Trace: "Why, mother, you don't think he came all the way from school just to listen to our radio, do you?"

Drouillard: "I'm a little stiff from bowling."

Captain Nardone: "Where'd you say you were from?"

Zaleski: "I fooled them."

Duffey: "How?"

Zaleski: "I signed up for English and I already take it."

Shanahan: "Hey, Howie, look at this; I got 51 in Latin."

George: "Gee, that's tough, Porky."

Shanahan: "Oh, I don't know. Some guys can't even get half the matter."

The Bare —— Boy

A boy fell off Anheuser-Busch,
And tore his pants in Schlitz;
He rose a sad Budweiser boy,
Pabst yes, Pabst no. —P. J. Duffey.

Shanahan: "I still don't understand how a newspaper operates."

Collins: "It doesn't. That's the doctor's job."

Collins: "Let me hear how far you can count."

Mitchell: "1, 2, 3, 4, 5, 6, 7, 8, 9, 10, Jack, King, Queen."

What is puppy love?
The beginning of a dog's life. —Uphues.

(Dedicated to Father Sebastian)

Swimming Season

If there should be a flood,
And I would have to die
I would stand on my history book
Because it is so dry.

Says Miller

Had a little rabbit,
Named him Jim,
Got 16 now;
He weren't no him.

Frieders and Saelens—Ten years hence

Two farmers met on a country road and pulled up their teams.

"So," said Salens, "I've got a mule with distemper. What did you give that one of your's when he had it?"

"Turpentine. Giddap."

A week later they met again.

"Say, Frieders, I gave my mule turpentine and it killed him."

"Killed mine too. Giddap."

W. J. Murphy received a letter that read as follows:

"Dear Murph:

"I don't object to your writing other girls,—But I'm sick and tired of being the one who gets the carbon copies,—so—from now on I'm Banner's girl. "Lovingly, Patsy."

Service station attendant: "Where's your radiator cap?"

Captain Bednard (Just learning to drive): "On the front end of the car, and don't call me Cap."

Thoman: "Do you want to get next to something where there is a lot of money in?"

Wagner: "Sure!"

Thoman: "Well, go down town and lean up against the bank."

Kleckner (Having just kissed her): "Ah! That indeed was a triumph of mind over matter."

Banks: "Yes, I don't mind, because you don't matter."

Too late—it sunk! ! ! !

HEARD THIS ONE?

By Andreasky

Farmer Knott's wife cooked two chickens the day the two ministers came to dinner, but the farmer consoled himself with the thought that the family could make another meal of the remains. But when the gentlemen of the cloth finished, there weren't any remains.

After dinner, while the well-fed visitors were strolling about the farm with their disgruntled host, a rooster began crowing loudly.

"Pretty proud of himself, isn't he?" remarked one of the parsons.

"Humph!" grouched Farmer Knott. "No wonder . . . . he's got two sons in the ministry!"

A young man said to a young lady standing on the sidewalk: "You look like Helen Black."

"I know," she replied, "but you should see me in white."

"Why are your socks on inside out?"

"My feet were so hot I turned the hose on them."

Nothing is ever as easy or as hard to do as you think it's going to be.

Fleming decided that he was getting much too fat, so he made up his mind to call on his doctor for advice.

The doctor heard him out, and then said solelmnly:

"There is just one thing for you—exercise!"

"But, doctor," he cried, "you know that I hate exercise."

The doctor nodded. "This one isn't very tiring," he said. "It's simply a matter of shaking your head slowly from side to side."

The patient cheered up considerably. "How often do I have to do it?" he asked.

"Every time anyone offers you a drink," said the doctor.

Typical Irishman

Murphy: "Give me beer before the fight." (Bartender draws him a beer.)

Murphy: "Give me another beer before the fight." (After drinking five beers in this manner the bartender asked Murphy which fight he was talking about.)

Murphy replied: "The fight between you and me. I haven't got a cent to pay for these."

There's a certain cadet at school who put a wave in his hair because he heard that the navy likes WAVES, and he was thinking of joining the navy.

A Soldier's Prayer

Now I lay me down to sleep;
I pray the Lord my gun to keep.
And let no snooping soldier take
My shoes and socks before I wake;
Keep me safely in Thy sight,
"Cause we want no drills at night,
And at morning let me wake
Breathing scents of sirloin steak.
Spare me from all hikes and drills,
And when I'm sick don't feed me pills.
Should I hurt this head of mine,
Paint it not with iodine;
Take me back into the land
Where they can walk without a band,
Where no pesky bugle blows,
And where women wash the clothes.
In a cozy feather bed,
There I long to lay my head,
Far away from camping scenes,
And the smell of half-baked beans.
Lord, thou knowest my every care,
Harken, then, to this my prayer,
Hasten days of peace again,
Calm and draftless. Lord, Amen.

The way to climb high is to remain on the level.

A lady was doing 60 m. p. h. on a highway when an officer of the law pulled her over to the curb and asked, "Where's the fire, lady?"

The lady replied, "What do you care? You're no fireman."

New advertising song—"Shoe, Shoe, Baby."

Roscoe and Billy were in a tavern the other day. Each was trying to get the other one to buy the drinks. Finally Roscoe tricked Billy into buying.

Roscoe said, "When we were on maneuvers I got shot in the 'Yours'."

Billy said, "Yours? What's yours?"

Roscoe popped back, "I'll take two beers and a highball."

New Movie

A new movie is now being planned which will combine "The Rains Came," "Dust Be Your Destiny," and "Gone With the Wind." The new picture will be called, "Mud in Your Eye."

For those who failed to pass the Air Corps test, they might apply for the aviation branch of the boy scouts—The Eagle Scouts.

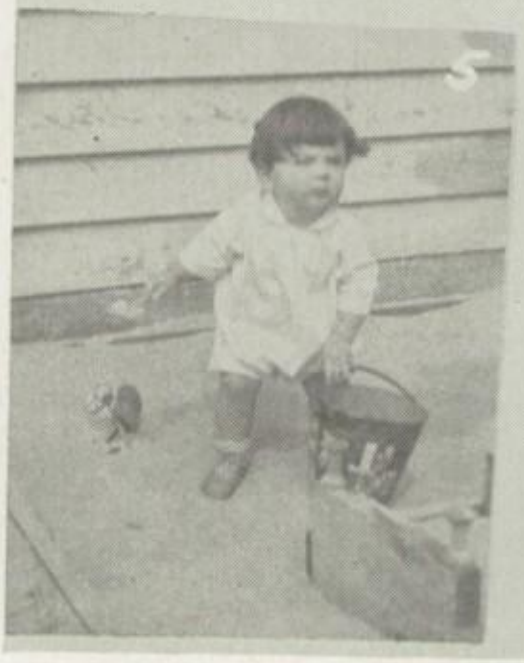
1—BARRY
Doesn't sport such a grin now as he is usually moaning about something. Prefers a light colored topknot. Likes to drink vodka with Audrey.

2—SAELENS
Hasn't changed much since this last picture. Has a jalopy that won't start half of the time. When it does start, he usually clears the street with it. Doesn't seem to like his O. D. uniform.

3—BOYLE
Unabashed, regardless of who or what. Responsible for all jokes by Lightning in the minstrel show. Has a vocerifous form of St. Vitus dance Never quiet, always on the go. Possesses a distinctive hiccough.

4—JORAY
With such a glare would almost expect him to cry, but he's a bit too husky to do that. He must like ice cream judging from where he worked this summer. Recently had troubles with June.

5—McCAULY
Big Bad Man from Geneva. Drives, and How! Has decided to become an undertaker after his 20th victim, then he can embalm them himself. Seems to be quite handy with a rifle too. Is sporting a medal from Culver.



6—MURRAY, T. F.
Those shoes were just the style. Still retains the curly hair although it is a little darker. The height isn't much different either.

WHAT! DID YOU SAY HUMOR?

O'Keeffe—"What do two balls in front of a pawnshop mean?"

Warnimont—"Two to one you don't get it back."

Father—"Remember, son, beauty is only skin deep."

Daniel Jones—"Deep enough for me. I ain't no cannibal."

In this line we commemorate those naive souls, who won't take George Ireland's word for it when he says, "It's this, or else—!"

Captain Bednard—"If you added 500,037 and 63 and divided that by 451 what would you get?

Nelson—"The wrong answer?"

Ackerman—"My grandfather fought in the Civil War."

Fanny—"What of it?"

Ackerman—"He has a hickory leg."

Fanny—"That's nothing. My sister never fought in any war and she has a cedar chest."

If a body sees a body
Thinking in a quiz,
If a body helps a body
Is it the teacher's biz?

—Rowland J. Cusack.

"This is getting me down," I said as I entered the elevator.

Father Robert—"Have you been doing any outside reading lately?

Wagner—"No, it's been too cold."

"I'll fill ya full of lead," snarled the gangster to his empty automatic pencil.

—Tiger Collins.

George—"The moon is low, the stars are bright. It's so romantic on this park bench alone, that I have something that I want to ask you."

Mimi—"Go on, dear."

George—"Would you mind moving over? I'm setting on a tack."

Did you hear about the gremlin who was running around on the dotted line of a cracker box because it said, "Tear along the dotted line"?

Book Report

"Essay on Bacon" by Macauley—6 points per pound.

Deefinishins

Dogmatist—Someone who likes dogs.

Civil Service—That which employs 4-F's.

Gentleman—One who never inflicts pain. (Newman)—That leaves the dentist out, doesn't it.

Morale—Going to school in the morning with all your home work done.

OUR GANG

In our gang of six,
Nothing can be nix,
Here are our names so grand,
Herb, Harv, Joe, Dick, Leo, and Van.

Herb is the one that loves to dance,
But with Audrey there's no romance.
He is the guy that gives a sigh,
When little Audrey goes walking by.

For Harv, the lover of the bunch,
We here, the mentioned, have a hunch,
For his love for Joan has no end,
And for him she'd gladly send.

Now comes Joe next on our list,
He's the one we cannot miss.
For Violet first then Mary Lou,
And with the girls he's—woo-woo.

Tall and dark and handsome too,
Dick, with Violet likes to coo.
There's no mistake they do it well,
For in his heart she is the belle.

I'm Leo the author of this poem,
I'm always good and stay at home,
I stay at home and have no fun,
But before I know I'm on the run.

Here, at last, of all is Van,
Which rhymes with only the wolf man.
For him, you bet, is Jean only,
And they, you see, are never lonely.

Now, you met us all,
Oh, please, do not fall.
For since a dance we threw,
The Con Amigo's Club is through.

Senior Personalities

ACKERMAN—A studious boy from Indiana. A hard working, quiet type of fellow who goes by the name of Loogootee.

ADAMS—A tough sergeant in the band. A Chicago White Sox fan because all the intelligent fellows in the school are.

ARIMOND—Wagner's best friend? A genuine good fellow who knows how to play basketball.

BABOS—The quiet friend of Gering. A really safe driver (not quiet, but almost).

BAKER—A Love Bros. employee and a hard worker whenever you see him sometimes.

BARRY—A peroxide blonde with wolfish eyes. A chemist with mad ideas.

BENSON—The "stinker" of the Senior class. An angel with black wings. Innocent Harry with the Bloody Paws.

COLLINS—The Tiger; The Mad Demon on the highway; He is composed of H_2S.

COYNE—The faker who doesn't shine; one of Co. C's prodigies.

CRAWFORD—The kid who really works. Attempting to be equal leader of non-R. O's.

CUSACK—The sleeper who can really stutter when Fr. Sebastian calls on him.

DRIESSEN—The undertaker without gasoline trouble; a fellow who always obeys the law, never over 35 (ask him if you don't believe it).

ERDAY—Steady record customer at May's; doesn't purchase any, but saves the shoes of the girl who works there. Patriotic, isn't he?

FIXMER—Over six feet of man who has brains if he wants to use them.

FRIEDERS—A fellow who really knows the girls; private in Co. B.

GEORCE—Trace's boarder boy friend; best Lieutenant in second platoon of Co. A.

GERING—Pronounce it Goering; has symptoms of being a character; ice cream producer.

GLENN—A real man when you don't need one; the Irish Jew from Holy Angels.

GORMAN—A Navy man with whiskers; Co. clerk of Co. D.; associate of Private Baker.

HAMES—The trumpeter who takes off on the Feast of the Passover; not a Jew, though.

HAAS—Capts Bednard' best Mech Drawing student. A 98.1 draftsman.

HERNANDEZ—A jolly good fellow who never needs a haircut two weeks after you tell him to get one.

KARTHEISER—The guy who aspires to be Lt. Col. A brilliant fellow who lives part time on North Ave. I wonder why?

KASPERSKI—The Boss of Cicero; the big nose campus politician; boxing referee; king of hatchet fighters.

KING—Ex-Co. clerk of Co. E. Most ambitious fellow in the Senior class, when it comes to crossword puzzles.

KIRSCHHOFFER—Artist who can draw anything; the fellow who is handy with a pencil.

KLECKNER—Best Influence and a peroxide blonde. The guy who really knows Chicago, especially the South State Street section. Good friend of Taffy.

LINDEN—Ace of sports and authority on all questions pertaining to it; timid fellow among the girls?

LOEWER—One of Benson's lieutenants; a really good egg who is now a private in the E. R. C.

McCAULEY—The little flower with the big voice; a crack shot with a rifle.

McCOY—A good football player and a Madonna rooter; stripeless Senior and Co. Clerk of Co. B.

CAN YOU IMAGINE

By Kasperski

Hernandez giving a discourse in Spanish Class for Father Columban?
Kirschoffer at ease?
Arimond admitting he lives on Pigeon Hill?
Reding running a beauty shop?
Nelson without the little flower?
O'Connell agreeing with Captain Schaeffer?
Miller, R. N., with hair like Stalin?
Baker not laughing at his own jokes?
Gorman without a camera magazine?
Loewer forgetting to catch "Fossil" at an inspection?
Glenn as a good humor man?
Collins going steady?
Murry, T. F., as public Enemy No. 1?
Crawford doing outstanding work in Military?
George forgetting 4325 for ————?
McCauley winning first place in a national rifle match?
McCoy wearing his uniform to a basketball game?
Barry not arguing with some one (Capt. Bednard)?
Murray, J. J., not two-timing someone? N. B. C.——)
Olinger not on good terms with everybody?
Brandt without the little black book of telephone numbers?
Coyne causing disorder? (Thovx to Raymond)
Cussack with short legs?
Darimont as president of the United States?
Murray, P. J., cutting paper dolls?
Benson admitting Geneva is just a suburb of Chicago?
Shanahan selling the Chicago Daily News?
Fixmer, R. K., as battalion commander?
Rump with the keys to his car?
Hames substituting for Harry James?
Murphy not being called Don?

Only two birds in a gilded cage, Jack Warnimont and Ivan Grace give out with a big snicker for the camera.

Former Cadets Staehler, an unidentified sailor, and Reinert, visit the campus of their alma mater. As seen by the service ribbons on Staehler, he's seen a lot of action.

Don Thibeau and Bob Duffy strike an affectionate pose. Two sterling friends, they set the date in June because they love summer weddings.

The Commandos include "Big Gun" Karwoski, "Buck" Thibeau, "Beefy" Kirschoffer towering over 'Dead-eye' Duffy on his two w'heeled jeep.

Striking a very assuming pose, Father Damian exhibited a bit of his ambition which aided greatly in the construction of the new part of the infirmary and the planting of new sod behind the barracks.

1—KARWOSKI

Already developing his legs so he can run the hundred, called the Pole from Winfield. His eyes might be fixed on a football; is seldom found in this position when playing left half on the gridiron.

2—FICHTEL

While taking his annual bath, he seems to have his eyes focused on something, maybe a basket. Is often seen with Spike Morgan and Doggie. Toma

3—KIRSCHHOFFER

Has recently traded in his basket for a shot put and the discus. Those smooth little legs have taken on about an inch of hair. Loves to do just what he isn't supposed to.

Pugilistic Reflections of a Manly Artist

Every year about this season,
All the boys with no good reason,
Save for maybe love or glory,
Surely have a sad, sad story.

I'm talking about a certain time,
When all these boys, two at a time,
Climb into a cute little square
To break their noses, and muss their hair.

You think of your fight, come next week,
Then "How to Box" information you seek,
"You hope that you won't be around,
To hear these words, "that's a round."

Monday, your day, comes so fast
You just hope that you will last.
Mr. Lawless comes up to shout,
"Are you ready for your bout?"

You eye your opponent, a rugged lad,
That's when you begin to feel bad.
You get your instructions in the center of the ring,
Then you think: why did I ever do such a thing?

You move out slow, bobin', and weavin',
You wish it was time that you were leavin'.
He throws a left, you seem to duck;
Round one ends, you've had great luck.

When round two starts, you have high hopes,
You fight until he's on the ropes,
There seems to be a ringing sound,
And then you hear "That's a round."

While waiting for round three to start,
There is a pounding in your heart;
You seem to feel too much weedin',
But you see his eye, an eye that's bleedin'.

This time you're scared, but with a snort,
You start round three, which is cut short.
He hits you once; you seem to hover,
Till you hear those words, "Okay, boys, it's all over."

It's all over, you're half dead,
"Until your hand is over your head.
You've won, yes sir, you've beat the champ;
You can't believe it, but now you're champ.

Memoirs of the Chemistry Lab

The Chemistry Lab is one of the most popular spots at Marmion. Upon entering the lab, a typical chem student's prime concern is to discover as many ways as possible to "raise the roof". I mean this technically. It is here where many future scientists are born, and many present experimenters die because of their efforts.

The memory of my first lab period is still plainly etched upon my mind. When I entered, I was a mere green novice; when I departed I had become a blackened veteran. I was assigned to a table near ..... who promptly borrowed a half dollar to perform an acid test. As he poured on the acid I watched my half disappear amid a mass of bubbles and fumes. He handed me the resulting liquid and said, "All you have to do is reverse the action, and you will have your half."

I get a burning sensation whenever I recall the time I washed my hands in an acid solution and I have cold chills when I think of my first experiment. It seemed I had arranged everything perfectly, turned on the gas under the experiment, and departed. When I returned to the room, now full of gas, Captain Haugland, informed me that I should have lighted the burner. I blew three fuses working an electrolysis experiment—then I blew.

My biggest problem is whether to work the assigned experiments or to embark upon adventures of my own. So far I have discovered a cheap way of producing salt from sodium chloride, and I am working on a method of processing water from hydrogen and oxygen. Who knows, I might some day discover a 93rd element.

Bob Totman shows off a snappy sailor cap alongside the recreation building.

Mr. Schuster and Major Frett making a tour of inspection with the Major finding the defects and Mr. Schuster pondering his brain on how to cure them. Both men have been of invaluable service to the school and without them we would be a pitiful sight indeed.

Here we have a character who loves his sleep so much that he keeps in practice while he's dressing. This is the way Ray Kirschhoffer looked the morning after the Military Ball.

"Big Gun" Karwoski, the Kommando Kid, displays what the well-dressed savage will wear this season. Note the exquisite curve to the new fur-lined helmet. An added dash of red and green also makes the tailor cut jacket seem much more appropriate.
